

ITALY SAID TO HAVE CAST DIE WITH THE ALLIES

TERMS OF ENTRANCE INTO WAR DEFINED

Rome, Italy, April 29. (Via Paris)—From persons in close touch with the war situation, as it affects Italy, there was obtained today information which indicates that the government has arrived at an understanding with Great Britain and France concerning terms upon which Italy will enter the war, if she eventually decides to do so. This information, while unofficial, is gathered from men who made a close and careful study of the situation. The agreement is described as follows:

"First—A provision for concerted military action: Italy will refrain from hostilities during the present stage of desultory trench warfare, which would enable Germany and Austria to concentrate a large part of their force against her. She will time her blow contemporaneously with a general effort by all the opponents of the Central Empires now in the field.

"Second—An understanding concerning the territory to be awarded to Italy in the event of victory.

Alliance To Be Formed For Italy's Protection.

"Third—A provision that after the war an alliance shall be formed between Italy and the present triple entente of Great Britain, France and Russia. It is intimated that at the outset Great Britain was not disposed to make terms with Italy but that Italy firmly declined to consider joining the allies without first having reached a definite agreement with them concerning the nature and time of her co-operation, boundary readjustment after the war and permanent assistance from the allies. Italy is said to have received powerful assistance from French diplomacy in reaching the desired understanding on these points.

On the Italian frontier, April 29. (Via Paris)—There has been received here from a source in Rome that is thoroughly trustworthy a presentation of recent political developments. It has to do with general important points on the negotiations between Italy and the Central Empires.

This disclosure, it is said, may now be made without detriment to the interests affected, as the situation has reached such a point that no revelations can affect the policy settled upon by Italy.

Von Buelow Used Efforts Towards Italy's Neutrality

The information thus received is as follows:

Building Collapses; Four Hurt

Cincinnati, April 29.—Without warning, a section of the foundation of the former laundry building which stood at the southwest corner of Sixth and Sycamore streets, recently demolished to make room for a ten-story office building, collapsed Thursday morning at 9 o'clock. Four men were caught by the tumbling rocks and the tons of sliding gravel. One of the four, Henry Wilson, foreman of the crew, was probably fatally injured. The other three were seriously hurt.

80,000 ALLIED TROOPS LANDED AT DARDANELLES

ACTIVITIES ALONG THE DARDANELLES OCCUPY ENGLAND

London, April 29.—The fighting at the tip of the Gallipoli Peninsula, across which the British have strung their forces, and the efforts to dislodge the Germans from Steenstraite, the only point on the west bank of the Yser which the invaders have been able to hold since the recent rush in Flanders, may be isolated today as the areas which, although comparatively small, hold the greatest possibilities for far-reaching results.

Although the Turks and the Germans maintain that the British on the west and the French on the east side of the Dardanelles are being crushed in their attempts to press forward, newspaper readers in London are being told that all official statements from Constantinople and Berlin bearing on the Dardanelles struggle, are being not only censored, but framed with the special purpose of exerting favorable influence on Italy and other wavering neutrals.

French and Belgian artillery are today battering away at the German bridge head in Steenstraite, but there is no claim of substantial gains by either side.

At the same time the British show no disposition to abandon their attempts to force the Germans to yield the ground gained by them up to the present time. There is no confirmation of the rumor current that they have recaptured St. Julien.

In the expectation that the Germans will continue to use poisonous gas the women of England are working valiantly to supply simple respirators for the men in the field, and thousands will soon be sent to the front.

BOMBARDING OF STRAITS RESUMED

Berlin, April 29.—(Wireless to Sayville)—Advices from Constantinople as given out here today by the Overseas News Agency, are that the forces which the French and British attempted to land at the Dardanelles numbered about 80,000 men. Landing operations were undertaken at three points on the European and on the Asiatic side of the Straits.

LEGISLATURE MAY ADJOURN TODAY

Columbus, April 29.—Both houses of the legislature planned to adjourn late today, according to administration leaders. The recess is intended to give an opportunity for working out the deadlock over the liquor license decentralization measure.

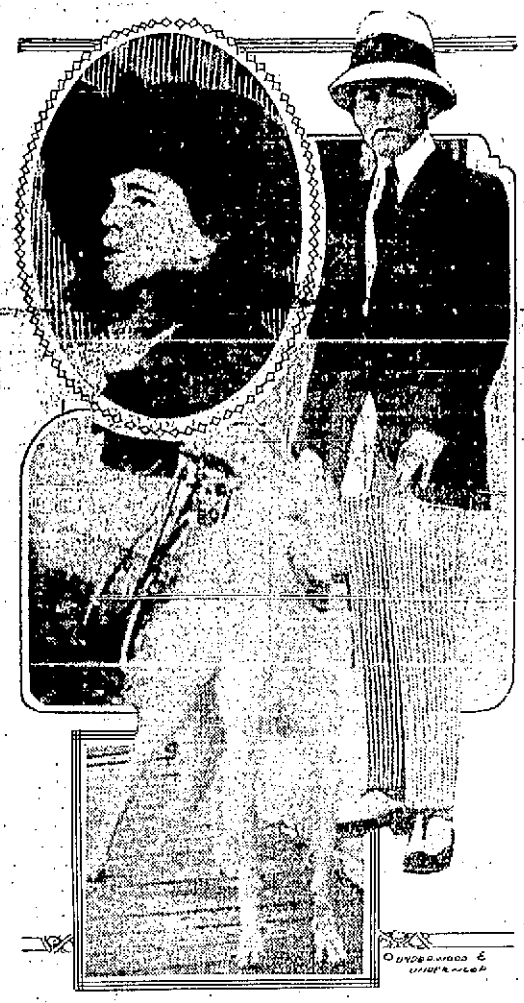

WHITMAN LETTER IS BROUGHT INTO LIBEL SUIT; T. R. FINISHES

Syracuse, N. Y., April 29.—In a letter produced by counsel for Theodore Roosevelt during the re-direct examination of the former president of the United States today, Governor Chas. S. Whitman, then district attorney of New York, told Charles H. Duell, of New York, that "the time is ripe" for all Progressive Republicans and members of the Progressive party to "rid the state of the party control which is responsible for corruption."

The letter was written in 1904 and the district attorney wrote that "the men and the policy responsible for the corruption were not confined to any one party."

Mr. Barnes' name was not mentioned in the letter but the colonel in reply to questions said he understood that the reference was to him. Col. Roosevelt was excused from the stand soon after this letter was introduced.

SOCIETY SURPRISED WHEN MRS. SMITH WEDS ST. CYR, A WIDOWER OF 3 MONTHS

Mr. and Mrs. Jenn H. E. St. Cyr. Mrs. James Henry Smith, one of the most charming women in American society, surprised her friends a few days ago by marrying Jean H. E. St. Cyr of New York and Yonkers. The groom's first wife, who bequeathed him \$100,000, died only three months ago. The present Mrs. St. Cyr was first Miss Annie M. Armstrong, a Baltimore beauty. In 1879 she married rich William R. Stewart. She divorced him later and married William Henry "Silent" Smith, an Englishman of vast wealth. He died while they were on their honeymoon.

CARRANZA LOOKS TO U. S. FOR RECOGNITION

Washington, April 29.—The United States is not considering the question of recognizing any government in Mexico, Secretary Bryan declared today when his attention was drawn to a report that the Carranza administration expected early recognition. The secretary would not discuss the matter further.

It is known that Carranza officials are urging upon the state department their claims to recognition and plan to issue a statement soon outlining the proposals to this end.

The American government has unofficially indicated to the various factions in Mexico the general principle which would guide it in consideration of the question. It has been said that there would be no recognition until Mexico had been internationally pacified by complete military domination by one faction or a peaceful agreement among the more important elements.

READING NAME RECALLS YOUTH'S LOST MEMORY

Cleveland, April 29.—A boy 19 years old, who wandered into the Central Y. M. C. A. building here yesterday, a victim of amnesia, and who could not remember his name nor anything that had happened prior to his finding himself in this city yesterday morning, today recalled his identity.

He is Robert Boyce, of 955 Seventeenth street, Detroit, Michigan. His parents live in Toronto, Ontario. He was employed by an automobile plant at Detroit. He says he started for a walk in Detroit Tuesday night and remembers nothing more until he found himself here.

Reading a story in a magazine in which the name "Boyce" appeared enabled him to recall his name.

WILSON COMPLIMENTS COLORED REGIMENTS

Washington, D. C., April 29.—President Wilson, through Secretary Garrison, has officially complimented the officers and enlisted men of the Ninth and Tenth cavalry regiments of the United States for their work in patrolling the Mexican border line to enforce the neutrality laws of the United States during the fighting between the Carranza and Villa forces. Several American soldiers were wounded during the engagements between the Mexican forces.

"By direction of the president," says Secretary Garrison, "I take great pleasure in expressing to the officers and enlisted men of the Ninth and Tenth cavalry his appreciation of their splendid conduct and efficient service in the enforcement of the United States neutrality laws at Naco, Arizona, during November, December and January last."

The Ninth cavalry is at Fort Douglas, Ariz., and the Tenth cavalry is at Fort Huachuca, Ariz.

H. A. Brodbeck, of 537 Second street, who for sometime has been under the care of a specialist in Chicago, has returned and will remain all summer, his health having been greatly improved.

NEW LIQUOR LICENSE BILL UNDER THREAT OF EXTRA SESSION

Columbus, April 29.—Republican leaders today said they had found a means of decentralizing the liquor licensing system which would meet the approval of Hamilton county legislators, whose insurgent movement in the house yesterday was the main reason for the killing of the Andrews bill by a vote of 57 to 59.

The new measure probably will be introduced in the senate tomorrow or Monday by Senator McDermott, of Trumbull, and will be similar to his original decentralizing bill which was considered by the temperance committee and finally abandoned, throwing the solution of the question into the house.

Separate Districts For Hamilton and Cuyahoga

Senator McDermott said today the new bill will create probably thirty-two licensing districts consisting of two or three counties each, with Hamilton and Cuyahoga counties constituting districts in themselves. Each of these districts will have two licensing commissioners, without other duties, who will be elected by a board of three county officials from each county in the district.

These county officials comprising the elective board probably

HEAVY TAX ON LIQUOR IS PLAN OF ENGLAND

London, April 29.—Chancellor of the Exchequer David Lloyd George made known in the house of commons this afternoon his plan to deal with the question of the too great consumption of alcoholic liquors in England. He proposes a very heavy surtax on both spirits and beers containing more than seven percent of proof spirit, and the duty on spirits is to be doubled.

The root and branch treatment originally proposed by Mr. Lloyd George for dealing with the liquor problem in its relation to the output of munitions of war, dwindled to a modest pruning when the chancellor presented to the house of commons this afternoon the government's scheme for restricting the sale of drink.

The chancellor in his opening sentence indicated that difficulties had been met with, as he said:

"After weeks of trying to find a solution of the question, I am prepared to take a pledge never to politically touch drink again."

COMMITTEE REPORTS ON ASPHYXIATING BOMBS

Hayre, France, April 29.—The official Belgian committee appointed to investigate reported violations of the laws of nations has addressed to Minister of Justice Wiraut a report of the use by Germans of asphyxiating gases. It is stated that gasous clouds extending 300 feet into the air were carried away from the German lines by the wind.

The clouds were green in color at the base gradually shading to light yellow toward the top. Several kinds of gases appear to have been used, including chlorine, the nitrous vapors of sulphur, and anhydride and others, the nature of which has not yet been determined. The effects of the fumes were felt at a distance of half a mile. They produced a kind of stupor which lasted for three or four hours. A German prisoner belonging to the sixteenth army corps, who was taken on April 15, stated that gas cylinders were placed along the entire front held by his corps. There was one every six feet and men specially instructed in their use were told off to see that it produced the desired effect. The men were provided with smoke helmets while respirators were distributed to all the soldiers.

HOLD MANIN BALTIMORE CASE

Baltimore, Md., April 29.—Miss Ida L. Robbins, the 22-year-old stenographer who was murdered last Monday, today made a statement to the police following which Julius Rupert, foreman of the printers' ink manufactory, in which both worked, was arrested.

Rupert was charged with assault with intent to kill and with assault with felonious intent.

VON KLUCK IMPROVING

Amsterdam, April 29. (Via London)—Gen. von Kluck, the German commander, who was wounded last month, is now on the road to recovery, according to the Hamburg Nachrichten.

WILL PROBE

Washington, D. C., April 29.—Inquiry into the financial operations of the Cincinnati, Hamilton and Dayton and the Pere Marquette railroads will be resumed by the Interstate Commerce Commission at Detroit May 3, it was announced today, before Commissioner Hall.

GUESS OUR NEW CONGRESS MAN AUNT GOT TO SEND STAGE YET

I'm looking earnestly forward to the days when our new congressman gets settled down to work at Washington and hopes that in his distribution of free seeds he'll send me something. I can plant. One thing I've always held against Bob Switzer and Harry Barnum was that they never used what I call tact and discretion in sending me seeds. Right now I want to serve notice that I want no onions, parsnips, turnips nor cabbage—unless the last named is of the variety known as kale. "Kale-said" is always welcome. Here's for tomorrow.

# EAST END CHURCHES MAY UNITE; PLAN A FINE NEW BUILDING

The merging of two churches, the first time such a thing has been accomplished in Portsmouth in a long time, loomed up as a strong possibility Thursday when it was learned that the Hutchins Street Baptist church and the Kendall Avenue Baptist church have named committees to work out the details of a movement that would unite these two congregations.

Harmon Vencer, A. H. Dodds and N. W. Kent will represent the Hutchins street church and Mrs. Bertha Wheeler, John Spence and Charles Russell will represent the Kendall Avenue church at a joint meeting to be held next Tuesday night. The Hutchins street congregation numbers about 200 and the Kendall Avenue 150.

Linked with the probability of these two churches uniting was a report that if the impending negotiations are closed that a new church to serve both congregations, which would be a beautiful edifice will be built in the East End.

A merger of this character has been talked of before but it was stated Thursday that the prospects that it would be closed this time. The Kendall Avenue congregation recently sold their property in the East End to the N. & W. for \$4,500.

## Waterworks Plant Was Shut Down

A gasket of one of the boilers at the new city pumping station was blown out Thursday morning at 5 o'clock, necessitating a shut down of the plant. Fortunately the city reservoir was being drained at the time to allow some more patching of leaks and the city temporarily drew its supply of water from that source. Repairs were completed in time for the plant to resume operations at noon. The damage caused by the blow-out was slight.

## Gun Toater Soaked

William Gillman and J. W. Leach, two strangers, were found in a box car near the N. & W. depot Thursday morning at 2:30 and when searched the former was found to have a brand new loaded revolver. They were locked up. A charge of carrying concealed weapons was placed against Gillman, and Leach was held for identification.

Gillman was found guilty in police court and fined \$200 and costs to stand committed to the Cincinnati workhouse until the fine and costs are paid. He gave Xenia, O., as his home and said he had come here in search of work. His companion was dismissed. Leach had hurriedly taken his departure when Dave Johnson, of the prison work gang, reported to Turnkey Joe Stokely that the fellow had stolen his hat. He said the theft occurred while he was eating dinner.

## Woman Fined On A Disorderly Charge; Balky Man Fined

Miss Rose Roach, of Waller street was found guilty in police court Thursday of a charge of disorderly conduct preferred by Mrs. Eric Chapman and was fined \$25. The case grew out of complaints of Mrs. Chapman that the other young woman had slandered her so by Detective Bob Reno. Wednesday night, was fined \$25 and costs on charges of drunkenness and resisting an officer.

Roach was defended by Attorneys Harry W. Miller and Clint Seagr while Attorney B. F. Kimble presented the case. "Quite an array of witnesses were examined." Frank Baker of Barytown, who refused to vacate the N. & W. depot premises when invited to do so by Detective Bob Reno, Wednesday night, was fined \$25 and costs on charges of drunkenness and resisting an officer.

## Kicks On Red Paint For Cemetery Fence

"Is this The Times office?" asked a woman in a serious toned voice Thursday morning.

"Yes, ma'am," meekly replied the reporter.

"Well you know it is bad enough to have to face the cemetery every day in the year and now they are painting the new fence around it a bright red. I don't believe this will help the City Beautiful movement or the Clean Up Movement either," said the complainant and she talked in dead earnest too.

P. S.—Dolly Wise has just informed us that the fence will be painted black when finished. She says the fence was painted red at the factory to keep it from rusting.

## COULDN'T FILL CONTRACT--IN JAIL

The county commissioners ordered a large tree standing directly in front of the county jail cut down Thursday morning. It was just about ready to fall, and had it been allowed to stand, would probably have caused some damage. "City" Sly had been awarded the contract for cutting it down, but his detention in the city jail made it impossible for him to fill it, and Fleming Hughes landed the job.

## DO IT NOW

Kelley Bros. have started work laying new cement sidewalks around the J. T. McCormick business and residence properties at Sixth and Chillicothe streets.

The S. Monroe & Son company is busy working on the half-dozen culverts that are included in the one-mile paving job in the vicinity of the county infirmary. The company is also making steady progress on the Gallia pike improvement.

Repairs have been made to a water main that burst in front of Alva Chabot's grocery at Third and North Waller streets, the sidewalk being torn up to make repairs.

A. W. Burns & Co., the Columbus contractors, who are to improve five miles of Chillicothe pike north of Five Mile church, are making fine progress.

The contractors have three quarters of a mile of curbing poured, three-quarters of a mile of the roadway fine-graded and have over a mile and one-half roughed out. They expect to begin laying brick Saturday, May 1st. A force of about forty men is employed on the work.

## Men Who Chew Are Men Who DO

IN this country are thousands of miles of railroad tracks, hundreds of railroad bridges, and thousands of trains rushing from place to place.

The men who chew tobacco built these bridges, laid these tracks and drive these fast-moving trains. In every part of the railroad service we find these thoughtful, quick-acting, manly men, making thinking more accurate, labor lighter and pastime more pleasant by chewing STAR tobacco.

STAR is their favorite for worktime and playtime. They find complete tobacco comfort, and full tobacco enjoyment in the thick, mellow STAR plug.

You'll like STAR, too—you'll like the honest weight—the superior chewing quality. You'll find the last bite as good as the first and each new plug a new delight.

So many "chewers and doers" chew STAR that one hundred and twenty-five million ten cent pieces are sold each year—enough to follow the railroad from New York to New Orleans, then to San Francisco and enough left over to stretch to Tacoma, Washington.

## IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salls to flush out your kidneys and neutralize irritating acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night.

The sufferer is in constant dread of the water passing sometimes with a stinging sensation, and in very profuse, again, there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Sall's from your pharmacist and take a tablespoonful in glasses of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Sall's is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Sall's is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effective, lithia-water drink, which quickly relieves

## KEEP A LOOKOUT FOR THAT TRAVELING DOLLAR; IT STILL KEEPS BUSY

Another busy day was spent by the "Buy At Home" dollar, which ended the first week of its travels at noon today. During that time, it has passed through over one hundred hands, and has been used for almost every legitimate purpose that a dollar can be used.

The driver for the Stockham Ice Company, in whose keeping the dollar was at last reports Wednesday afternoon, exchanged it with George Jant of the North End for another dollar. Last purchased a bottle of pop at Julius Arbogast's place at Eleventh and Findlay streets with it, and Mr. Arbogast gave it to County Commissioner Daniel Egbert in exchange for a larger amount. Mr. Egbert used it a little while later to pay for a share at the Play House barber shop, and one of the employees spent it for a cigar at the Play House cigar store.

Harry Collins, the well known steel worker, obtained it in exchange at the Play House cigar store, and spent it for a soft drink at Win Nye's drug store. Fourth and Chillicothe street. Mr. Nye turned it into the First National Bank with his daily deposit, and one of the clerks at the bank included it in a withdrawal made by the H. Lee Lumber Company. An official of the Lee Company spent it at the grocery store of Herman Graf and Sons on Chillicothe street, near Eleventh, where it was still resting at last reports on Thursday afternoon.

Mr. Neumann said his publications have lost 15,000 subscribers in Canada alone through the British government barring them from the mails for their pro-German tendencies.

## CLEAN UP COMMITTEE FINDS ALLEYS IN BAD CONDITION

The Clean-Up committee, of which Miss Leonora Allard is chairman, made an inspection of the alleys in the Second ward Thursday. "I am sorry that we cannot say as much for this ward as we did for the First ward, but after looking the alleys over thoroughly, the committee cannot conscientiously do so," said Miss Allard today. "We found the alley running east and west between Mill and Front streets and from North Waller to Sinton street in bad shape. Also the alley running east and west between Second and Third streets from Glover to Bond street in a regrettable condition. It was strewn with paper and trash. A lot at Fourth and Glover streets is in wretched condition and the cellar of the building that was to have been a new Old Fellows' home on Seventh street, east of Chillicothe, was found to be in a awful state," Miss Allard said Thursday. "The committee will visit the Third ward Friday. They hope to have all telephone poles in the city repainted by next week."

## INSPECTING SCHOOLS

E. O. McCowan, county school superintendent and Lester S. Leins, agricultural instructor at Lebanon University, are in Valley township today inspecting the townships schools and the other schools of the township. Mr. McCowan delivered an address at the Green township commencement Wednesday evening.

## Back To Ohio

Henry Adams, a well known former Dry Run storekeeper, who has been located in Florida with his family, returned here Thursday. He has disposed of his farm in Florida, having concluded that Ohio is good enough for him. He will take up his residence at Navroo.

## Has A Big Force At Work

Isaac Shaw has quite a force of men at work in the B. & O. S. W. yards loading cross-ties for the Street Railway's Hanging Rock extension.

## COCOANUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the best soap you use the better. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

## Cash Settlements

The N. & W. railway made cash settlement with the city Thursday for its assessments on the Tenth and Fifteenth street paving jobs. It paid \$116.14 and \$183.30 for two assessments on Fifteenth and \$2441.03 and \$2204.09 on Tenth or a total of \$4,644.56. The amount paid by the railway company is nearly half of the total amounts collected on all fifteen streets paved last year on which cash payments have been made this month. The total amount paid in by property owners is \$11,429.12. Friday will be the last day for cash settlements.

## MORGAN'S LIBERATOR DIES

Madisonville, Ky., April 29—number of his men, died at his home here today. Morgan and a remnant of his command was captured near Pomeroy, Ohio, in July, 1863, during a raid through Kentucky, Ohio and Indiana. Captain Hockersmith was 82 years old. He was widely known in the South.

## No Negotiations On

"There are absolutely no negotiations on whatever for the site of the Grand Opera House," said Judge James W. Rannon Thursday. "and there haven't been since I returned from California. All this talk about this property passing into new hands is without foundation."

## Now For Big Sale

After being closed for four days, the Hotel furniture store, formerly the Hansen furniture store, at Seventh and Chillicothe streets, will be opened Friday morning for a special sale of the stock of the former company. The organization of the new company will not be effected until after the sale.

## DR. BLANKEMEYER PAID FINE HONOR

No matter in what section of the state you find them, be it Maine or California or Wisconsin or Florida, former Scioto county residents continue to distinguish themselves. This time it is Dr. Herman H. Blankemeyer, who has come to the fore. He has just been elected president of the Chamber of Commerce of Aransas Pass, Texas, one of the best known organizations in that big state. Dr. Blankemeyer is a brother of William P. Blankemeyer, well known Chillicothe street merchant tailor, and of John H. Blankemeyer, of Fourth street.

## FRUIT LAXATIVE FOR MAMMA DAD, BABY "CALIFORNIA SYRUP OF FIGS"

Mother, daddy and the children can always keep feeling fine by taking this delicious fruit laxative on occasion demands. Nothing else cleanses the stomach, liver and bowels so thoroughly without griping. You take a little at night and in the morning all the foul, constipated waste, sour bile and fermenting food, delayed in the bowels gently moves out of the system. When you awaken all headache, indigestion, sourness, foul taste, bad breath, fever and dizziness is gone; your stomach is sweet, liver and bowels clean, and you feel grand. "California Syrup of Figs" is a family laxative. Everyone from grandpa to baby can safely take it and no one is ever disappointed in its pleasant action. Millions of mothers know that it is the ideal laxative to give cross, sick, feverish children. But get the genuine. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups on each bottle. Refuse with contempt the cheaper Fig Syrups and counterfeits. See that it bears the name sweet, liver and bowels clean, and you feel grand.

# FAITH

Faith can be classed with the really tremendous influences of life. Faith makes stepping-stones of obstacles. It is like a powerful magnet, which brings to the surface every one of man's worthy qualities.

## This Store

is built on faith. The nature of our business is a peculiar one. We do not recognize the term "Commercial Honesty."

In our opinion there can be only one kind of honesty, commercial or otherwise. The strongest asset of this establishment is the good-will of our customers. The greatest trade-maker we know of is the combination of sterling principles and sterling merchandise. Every day you will have occasion to deal with this store, if you have not done so already. Then you will realize the full meaning of faith in a commercial enterprise.

## NEW YORK STOCK

New York, April 29.—United States Steel and war specialties were the features of today's market, the latter gaining 2 to 6 points.

A broader tendency was manifested in the early market, general gains embracing a variety of issues. War specialties were again prominent, however.

Westinghouse, General Electric, American Locomotive, New York Air Brake and Pressed Steel Car rising from one to over three points. Among the leaders, Amalgamated Copper was conspicuous for an initial gain of 1 1/2.

Railway investment shares showed a firm undertone and local transactions added to yesterday's gains. A few declines recorded were mainly among unimportant stocks.

Steel was the only leading stock to retain its early activity and strength, advancing to within a substantial fraction of its recent high quotation. Reading, Union Pacific and Amalgamated reflected distinct pressure on moderate offerings, and war stocks moved uncertainly. Westinghouse and Air Brake yielding their gains. Dealings in Westinghouse, Interboroughs and American Can were far in excess of the trading in more representative issues. There were many gains throughout the list, however, War securities advancing materially on publication of the reorganization plan. The preferred stock and refunding bonds rose four to five points.

Bonds were strong. A belated rise in Westinghouse to 98 and the loss of the greater part of steel's gains marked the later trading. The close was irregular.

## NEW BOSTON

Council will meet Monday night at 7:30 when legislation for the paving of Gallia pike from Millbrook lake to West avenue will be brought in. All notices have been served on property owners and the fifteen days allowed for filing of claims has elapsed and the advertisement for bids on the work of paving can be started. Notices remain to be served on several property owners on Harrisonville avenue, Grace street and Rhodes avenue. Mrs. Philip Emmert is confined to her home with a slight illness. The Daughters of America will hold their regular weekly meeting in Davis Hall Friday evening.

Mayor Davis was in conversation with the State Health Board at Columbus Thursday and they assured him a member of the board would be in the village Monday to go over the storm and sanitary sewer plans of Engineer Sam G. Harper. A storm sewer system has been completed in Stewartsville. Work on the main sewer cannot start until the plans are approved.

Albert Ashcraft, Ohio avenue barber, was arrested by Marshal Will I. Davis Thursday morning on a disorderly charge, the charge growing out of Ashcraft using profane language at Mayor J. S. Davis' store. He pleaded guilty and was fined \$23.50. He was released on his promise to pay Saturday.

The "secret and surprise" entertainment to be given by the classes of the Baptist Sunday school Thursday evening, will start at 7:15. Each class has two members on the program, each class keeping secret what they have planned as their part. It is an entertainment for a Sunday school rally.

The W. O. W. members held a meeting in Davis Hall Thursday evening.

The Ladies Aid Society of the Baptist church held an all day meeting in the basement of the church Thursday.

Roy Harris is busy laying cement walks around J. S. Davis' brick building on Gallia pike.

A number of persons inquired of L. D. York about the lots he is to put on the market with the completion of the Turkey Hollow addition. Work of filling and grading will start as soon as the contract is let. The 1,300 foot paved street will run past the old cement plant. Mr. York is to pay for the sewers and paving while water mains will be put in by the village. The addition is an ideal place for homes as it is located between two hills and back from the dust of the pike.

The village officials have been unsuccessful in their attempts to locate John Porter and the gun-toting foreigner who broke jail Monday evening.

A new baker arrived in the village Wednesday night when Mr. Storck left a bouncing baby boy at the home of Mr. and Mrs. Allen Adams, of West Stanton avenue. Adams had a "two-foot" smile on his face Thursday when he greeted his patrons and told them of the good news.

This Republican Club members turned out in large numbers at the regular meeting Wednesday evening. Arrangements were made for a social hour after the next regular meeting, May 11, when plans will be perfected for attending the big Republican feed in May.

Marshal Will I. Davis has adopted two fine hantam chickens that have been making their home in the jail yard and old mayor's office.

J. C. Harris, councilman and contractor, is putting in brick foundations for Ford Haldeman in the city.

D. M. Hale, of West Rhodes avenue, is in Greenup on business.

Lewis Henry, clerk in his father, Willie Henry's store, is spending a few days with his family at Rome, O.

Grice street. Mrs. S. Rice, of Ashland, visited Mrs. Sam Meyers, of Ohio avenue, Wednesday.

Clayton Jones, of Kinchester, Ky., is the guest of his sister, Mrs. Katie Hunter, of the C. M. Warder store.

Mrs. Fred Marce, of the city, was the Wednesday guest of her mother, Mrs. Belle Robinson, of Ohio avenue.

Fred Wintersale is working at the Pacific cafe.

Vista Slaughter, daughter of Mr. and Mrs. John Slaughter, has returned from Ironton, where she visited relatives for several days.

Joseph Fleming, of Frost, Ky., was the Wednesday guest of his son, Will Fleming, of Gallia pike.

Mrs. Everett Artis, of Frost, Ky., was visiting friends here Wednesday.

Will Banfield, of Garrison, Ky., is the guest of Mr. and Mrs. James F. Moore, of Oak street.

## BEAUTIFY SELBY PARK

Work of setting out flowers in the large Selby lot west of the factory was begun Wednesday. The ground was recently ploughed and raked and grass which was planted is coming up nicely. Pink and white blooming geraniums are being planted in the two foot border. The lot has been made very attractive.

## LEAVES FOR CANTON

Mrs. Wm. Waters has gone to join her husband at Canton, O., where they will make their future home. Their son Charles will remain here with his grand-parents, Mr. and Mrs. Chas. F. Best, until the close of the present school term.

## DEEDS

One lone deed was filed for record Thursday morning, transferring the title to 24.47 acres of land in Washington township from J. E. Slump and wife to Orin B. Oakes. The consideration named was \$800.

## Business Better

"Business is getting better," say Sciotoville merchants. Kenard and Addison Taylor grocers said Thursday that April was a better business month than any during the past year.

# HAS C. & O. OPTIONED LAND FOR TERMINAL PURPOSES?

It was reported in local railroad circles Thursday that the Chesapeake and Ohio Northern Railway had optioned 53 acres of land in the vicinity of Sciotoville and would use it for terminal purposes when the bridge that is to span the Ohio river is completed.

According to those who claim to be on the inside the C. & O. will be compelled to have some sort of terminals at Sciotoville as the eight hour law will not permit the crews to work from Russell, Ky., to Columbus, the distance being too great for the specified time it is claimed.

Local real estate men claim that the C. & O. has optioned ground between Sciotoville and Wheelersburg and there is every reason to believe that it will be used for terminal purposes with the completion of the bridge.

## Burglars Enter Wagner Home, Secure Three Valuable Guns

Robbers broke into and looted the country home of W. H. Wagner, the Indian herb doctor and wife, one mile below South Portsmouth, during the absence of the tenants Wednesday night.

Three guns, including the original shot gun of "Devil Anse" Hatfield, the noted West Virginia feud leader, and which was personally presented by him to Mr. Wagner some years ago, were stolen, also a gun belonging to Asa Hatfield, a grandson of the feudist, who has been a guest at the home. Several dozen eggs were also taken. Every dresser drawer and closet in the house were ransacked, but the robbers were disappointed in not finding any money. They gained entrance to the home by prying a window. They also forced the lock of the smoke house and stole a quantity of ham and bacon.

Will Justice, son of Mr. Wagner, who lives in the home, had come to this side to attend the street fair, while his sister, Mrs. Arinda Barker, who makes her home with him, had gone to some neighbors for a visit.

## The Co-operative Tire

Goodyear has always built co-operative tires. Every saving has gone to the user. The more men bought the better we built them, and the lower we sold them.

That is why Goodyear has held top place, outselling any other tire.

### 3 Reductions

Note that in two years we made three big price reductions. The last—on February 1st—brought the total to 45 per cent.

Yet in costly ways these tires have been bettered. In no one iota were they ever skimmed.

Our Fortified Tire is still "On-Air" cured to save blow-outs. Yet that one extra costs us \$450,000 yearly.

It still has our No-Rim-Cut feature. It has in each hose 126 braided piano

wires to make the tire secure. It embodies hundreds of rubber rivets, formed to combat loose treads.

Our All-Weather tread is still double-thick. It still has the sharp, tough, resilient grips.

Those extras—all exclusive to Goodyear—are all retained, despite our price reductions. And we still spend \$100,000 yearly to discover new ways to better them.

### Your Ally

In all these ways, Goodyear is your ally. You do injustice to yourself when you fail to secure this advantage. Never in tire history was such value given as you get in Goodyear tires today.

No smaller makers can ever give so much.

Any dealer will supply you. (227)

## Crowe Hearing Is Continued, Will Secure More Testimony

The major portion of Thursday in probate court was devoted to the hearing of evidence in the matter of exceptions to the inventory of Frank McGee, administrator of the estate of the late Frank Crowe, of Rush township, died several days ago by the widow and daughter of the deceased. The exceptions claim that the administrator failed to list all of the personal property, including an automobile and about \$3000 in gold which was found at the home of the deceased after his death.

Soon after the exceptions were filed, Bannion and Bannion and Meyer, attorneys representing Mr. Andrew Crowe and Mrs. Mary Bannion, guardians, John Crowe, an infirm person, filed a claim in probate court to a half-interest in a portion of the property listed as belonging entirely to the estate. The administrator maintains that the inventory is correct.

About twenty witnesses were examined during the day Judge Bannion continued the hearing at 3 o'clock this afternoon until the court and attorneys could go to the home of John Crowe, near Lucasville, to hear his testimony, his condition preventing him from making the trip to this city.

The attorneys in the case are Holcomb and Holcomb and Small for Mrs. Crowe and daughter, Bannion and Bannion and Meyer for the guardians and Milner, Miller and Seurl for the administrator.

### WITH THE SICK

## SECRETARY REDFIELD DENOUNCES CALAMITY HOWLERS OF COUNTRY

Indianapolis, Ind., April 29.—Denunciation of "calamity howlers" and a vigorous defense of the policies of President Wilson's administration were the features of a speech here late yesterday by Secretary Redfield, of the Department of Commerce before a meeting of representatives of Indiana manufacturing interests.

The secretary defended the tariff; lauded the Federal Reserve Act, declared that the Clayton Anti-trust law and the Federal Trade Commission act have made plain the way of the business man, and asserted that in the condition of the country today "there is no happiness for those who would do evil to the Administration."

The secretary quoted several newspaper articles to show that the country was on the way to prosperity and paid tribute to "purveyors of pessimism."

"These preachers of poverty for personal purposes," he said, "will in due time go to their own places unwept, unhonored and unsung followed by the deserved curses of the deceived, falling into the limbo of the calamity howler where long ago the mule-raker preceded them. These are they who in secret places speak evil of those who have brought the country through the most terrible commercial shock in its history and landed her safe and strong upon the peaceful shores of prosperity and influence."

Three times, the secretary said, the country had evinced its faith in the Democratic party by returning a Democratic House of Representatives. The foes of Democracy he said, could find small comfort in the reduced majority of the Democrats in the next Congress.

"Our party has kept its faith," he continued. "It has not been given orders by the people to revise the tariff downward only to answer by revising it upward. One thing at least no one dares say about the tariff law, namely that it was prepared by anybody in his own interest. Never was

there a measure of the kind more free from personal taint more purely intended for public as distinguished from private purposes." The secretary declared that the tariff was not a factor in "depressing business conditions" and that under the Underwood bill "we have gained something of industrial self respect."

The Federal Reserve law, he said, has released into the channels of trade vast sums formerly unnecessarily held back as reserves, and has taken away the basis of fear that produces panic. "Look and see," he continued, "how many of our partisan opponents venture to rise in public and denounce the Federal Reserve law. It is admitted on all hands, by not in words, at least in silence, by our adversaries, that this thing has been well done. On it with confidence rest the operations to some of the very men who cry loudest in criticism of our policies."

"Age, but business legislation, well let us face the question of business legislation boldly, for concerning it there is naught we have to fear. We have made plainer the way of the honest business man; our opponents themselves being witnesses, Clayton law and the Federal Trade Commission law are good. They put no obstacle in the way of any honorable man. They make his road more plain. They give him a forum in which he may be heard. They give him a point on which with more confidence he may lean."

"Let it be said that criticism shall be the better for it; but let it be said that the criticism shall be fair and truthful and candid. If it is not so, the criticism will fall of its own folly. If it is so the criticism will do us good. And when we shall approach in the coming year the decision for the future, let it be approached not with a sword or a whip, not with the partial statement of half truths, but let the facts be known in all their roundness to the American people, and then, in God's name, let the best man win."

## NEW MEDICAL SCHOOL BUILDING DEDICATED

St. Louis, Mo., April 29.—The new buildings of the medical school of Washington University were dedicated with an elaborate program here today. The three large buildings which contain laboratories, dispensaries, lecture rooms and libraries, cost \$1,200,000 and with the new Barnes hospital, the St. Louis Children's hospital and St. John's hospital, form one of the largest groups of buildings in the world devoted to medical and surgical purposes.

## \$100,000,000 RAILROAD BOND ISSUE FLOATED

New York, April 29.—Financiers and bankers were gratified today by the announcement that the sale of what was said to be the largest issue of corporate securities ever placed in the United States had been consummated yesterday.

This was made known when J. P. Morgan & Co., as syndicate managers, stated that substantially all of the \$100,000,000 of New York Central twenty-year six percent convertible bonds offered to stockholders had been subscribed for.

The proceeds of these bonds will be used to fund an equal amount of the company's new unfunded debt and in the acquisition of property.

## Quick Beauty With Milk Massage

It always has been known that milk possesses unique qualities and beautifying the complexion. The youthfulness and beauty of the "goddesses" of ancient times when the milk beauty bath was the morning requisite, has never been equalled. It is a recent discovery that a method of producing a real milk massage cream brings these magic powers of milk within the reach of everyone. This skin milk is a half-pint of fresh, unskimmed milk is mixed with two ounces of powdered beryl, obtainable at any drug store. The use of the beryl is absolutely necessary, as it is the only means known of retaining the nature of the milk in the face cream. The cream thus made is very moderate in cost, and should be used liberally. The difference produced on wrinkles, complexion and smoothness of the skin is at once apparent and unsurpassed by any other face cream ever known.

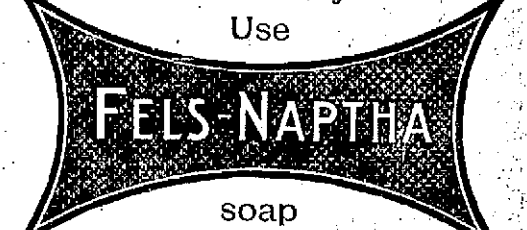

## CONCESSIONS

Tokio, April 29.—Japan's new proposals to China show concessions, according to the Japan Mail. They are said to omit the demand for the non-alienation of China's coastal territory. Out of consideration for Great Britain some mediation is proposed as regards railroad concessions in South China.

## GERMAN WAR STATEMENT

Berlin, April 29.—(Wireless to Sayville, N. Y.)—An army headquarters today the following statement was issued:

"All attacks against the German positions on the west bank of the canal north of Ypres failed. The number of cannon of the enemy captured by the Germans was increased to sixty-three. Southeast of Verdun the German positions were advanced by more than 100 yards."

"Captured French soldiers confess that they were in great fear, having been told by their officers that the Germans shot all prisoners. South of Kulwaryn, Russian Poland, the Germans occupied the village of Kovale and the height a short distance south of Dnuchovo. South of Sochaczew the Germans conquered a Russian point of support."

## FRENCH WAR STATEMENT

Paris, April 29.—The French war office gave out a report on the progress of hostilities reading as follows:

"In Belgium we have continued to progress, in conjunction with Belgian troops, in a northerly direction. On the right bank of the Yser Canal we took 150 prisoners as well as two machine guns. There is nothing new on the heights of the Muese nor in the Vosges."

"The enemy has bombarded by means of flying machines and using incendiary shells, the open town of Epervier, occupied exclusively at that time by hospital detachments."

"Definite information which has come to hand sets further that the Zeppelin airship which eight days ago threw bombs on Dunkirk, was seriously damaged by our artillery. Finding it impossible to navigate further, the machine was wrecked in the trees between Bruges and Ghent."

## TURKISH WAR STATEMENT

Constantinople, April 27.—(Via Amsterdam and London, April 29.)—There has been given out here an official announcement bearing on the fighting at the Dardanelles which reads:

"Sight Dard, to the west of Sedid Bahr, has been cleared of the enemy."

"The enemy, who landed near Kaba Tepeli endeavored to maintain their positions under cover of their ships but early in the morning our troops stormed these positions and forced the enemy back along the whole front in-

dicting severe losses on them. Part of the enemy fled in the direction of the sea and taking to their boats disappeared. Those unable to escape raised the white flag and surrendered in masses. A transport of the enemy was sunk off Avburn on the west coast of the peninsula of Gallipoli."

"Later reports declare that hostile forces estimated at four brigades have been driven into the sea on the coast of Kaba Tepeli."

## OBITUARY

Mrs. Louise Peterson. Samuel Horehow, the Gallia street furniture dealer, received a telegram this morning, apprising him of the death of his oldest sister, Mrs. Louise Peterson, which occurred at her home in Wilkesbarre, Pa., Wednesday evening at 8 o'clock. Death was due to complications developing from a severe attack of the grip, and came as a terrible shock to Mr. Horehow and family, since they had received word a few days ago that she was convalescent.

Mrs. Peterson was the wife of a prominent wholesale millinery of Wilkesbarre and besides her husband she is survived by six children. She is also survived by two brothers and three sisters. One of the brothers resides in Europe, while the others are all living in this country.

Funeral services will be held in Wilkesbarre Friday morning, but Mr. Horehow will be unable to attend as the train connections are such that he could not reach Wilkesbarre in time for the funeral.

Baby Brooker. A baby daughter born to Mr. and Mrs. Andrew Brooker of near Cepharis Station died several hours after birth Wednesday evening. Three other children besides the parents survive. The funeral was held Thursday afternoon with interment in Pyles cemetery near Cepharis.

PEPPER'S  
ONE TO 25 CENT STORESETTLEMENT OF OHIO  
COAL STRIKE HINGES  
ON GALLAGHER BILL

Cleveland, April 29—With one big stumbling block out of the way and another hanging upon possible action by the legislature, the third days' sessions of the joint senate committee of Ohio coal operators and miners opened here today with prospects of peace still ray.

The disputed point which has been obliterated is that of a plan for arbitration of future disagreements between the two factions. Late last night the miners' leaders accepted the arbitration proposal of the operators with slight alterations and thereby smoothed out one of the main difficulties which have faced the conference.

The agreement provides that future disputes which cannot be settled in any other way shall be referred to an arbitration board consisting of one representative from each side and one chosen from the three members of the Industrial Commission of Ohio, the decision of the arbitrators to be binding on both sides.

The second big moot point which is dependent upon action of the legislature is the fate of the Gallagher amendment to the Green screen coal law, now pending before the general assembly at Columbus.

The operators say there can be no settlement unless the Gallagher amendment is passed. The miners say the passage of the amendment renders a settlement impossible.

The Gallagher amendment permits operators to make contracts with miners on other than a basis of mine or screen basis. The present screen law makes mine-miner contracts compulsory, the miners contend.

A set of rules governing possible future strikes of which the arbitration agreement is a leading feature, as adopted last night, provides among other things that no strike shall be called at any mine except for failure to pay on the regular pay day without explanation and that fines may be levied on miners violating this rule or upon operators responsible for any lockout.

## IRON TRADE GETS BETTER

Cleveland, Ohio, April 29.—The Iron Trade Review today says:

Favorable developments continue to dominate the iron trade. There has been decided increase in pig iron buying, including 100,000 tons quietly placed in New

York, a large tonnage of basic bought by the Youngstown Sheet & Tube Co., and other consumers in the central west, and from 50,000 to 80,000 tons of various grades bought at Chicago.

War business is still responsible for a large part of the orders for machinery and

during the past week the buying of machine tools by companies which have taken orders for shrapnel has been on a liberal scale.

The coke market is showing improvement and several furnace companies are in the market for their requirements.

SAYS GERMANS  
HAVE PLENTY

Julius Arbogast, the Findlay street cafe proprietor, received a letter Wednesday from his sister, Elizabeth Busse, of Strasburg, Alsace-Lorraine, the heart of the war country. In her letter she scoffs at the rumor that the people of that section are starving. She says there is an abundance of things to eat, and that every one is living comfortably. Like every loyal German she is confident that the German army will be victorious in the end. She writes that there is a marked activity in the movements of the troops, and that the war will be on in earnest from now on.

Mr. Arbogast stated Thursday morning that he has recently relatives in the German army, and a like number in the armies of the allies.

## The Movies

Mr. and Mrs. Vernon Castle Columbia Tonight

Almost every person has heard of Mr. and Mrs. Vernon Castle and their famous fancy dances; many of our people here in Portsmouth have seen them in their wonderful dances in Keith vaudeville.

Tonight at the Columbia every one will have an opportunity to see them upon the screen in all of

their marvelous and interesting dances, including the Tango, Argentine Tango, Maxixe, Brazilian, One-Step, Hesitation Waltz and the famous "Castle Walk"; special "Castle" music accompany the film and will be used exclusively during the running of the picture.

Manager Tynes has merely added this "Castle" feature to the regular program which consists of a special three-reel Lubin feature picture entitled "A Siren of Corsica," making an unusually attractive four-reel program, and at the usual price of 10 cents admission.

Tomorrow, Friday, is Paramount Day and this week's offering is "Rule 67," pronounced by all critics as the greatest railroad picture ever produced.

It is adapted from the story of Julius Steele, which ran in the Saturday Evening Post, and the picture bears the endorsement of the heads of the leading railroads of the United States, several important railroad men having actually posed and taken part in this picture production.

Cars, engines and equipment were loaned by railroad companies to take the various scenes, and much of this equipment was destroyed in wrecks, etc., even a head-on collision demolishing two locomotives, being worked in one scene.

Everybody will certainly enjoy this great picture. Remember it is here for one day only, and be sure to see it tomorrow at the usual price of 10 cents admission.

"Money" Shown at the Lyric Tonight

Money, one of the greatest melodramas ever staged, a play that will appeal to all classes everywhere, is to be shown on the screen at the Lyric tonight. You have never heard of this play. Its title, its story and the leading actors may be unknown to you. It is the first offering of a new producing company.

But—the play is the thing. Money tells a heart gripping story—it is deeply interesting—the staging is the most elaborate conceivable. Money was no object in the production of the elaborate scenes, costumes and settings. In one of the scenes an entire palace is burned and destroyed with all its rich oriental furnishings and hanging. The California scenery is wonderfully beautiful. The action furnishes thrill upon thrill.

This picture written by James Keane is featuring Carlotta De Felice. Don't forget this picture is being shown at the Lyric tonight.

## At The Exhibit

A Keystone comedy is included in the Exhibit program tonight, its title being "Hogan's Romance Upset." The two real feature will be "In The Tennessee Hills."

Saturday there will be shown the greatest of all features, Chaplin in his favorite Keystone comedy, "The Property Man."

## 5c At Temple Theatre

"The Slave Girl" tells how a Southern man seeing how cruelly his neighbor treats a girl buys her. The son of the house falls in love with her, and to prevent a marriage she is sold, but the man after a servant from the other household gives out the truth saying her master had rescued her from Indians and she is unbranded by negro blood. This of course, terminates happily. The scenes and photography are excellent, the acting good. Teddy Badgely in the lead. The fourth reel is a comedy, "Doggone It."

Approve  
Of Sale

An entry approving the sale of the property involved in the case of David E. Matchett against Lewis K. Kent, Lou Edna Kent, W. M. Brown and J. G. Steagull, to W. M. Brown for \$2866 was entered upon the common pleas court journal Thursday.

Distribution of the proceeds was ordered as follows: Costs of case, \$421.05; taxes and penalty, \$100; W. M. Brown, on mortgage, \$1705.55; balance to David E. Matchett, \$577.50. The balance of \$209.38, due the plaintiff on balance on mortgage, is to be recovered from two of the defendants, Lewis K. Kent and Lou Edna Kent.

SAGE AND SULPHUR  
DARKENS GRAY HAIR

Brush this through faded, lifeless locks and they become dark, glossy, youthful.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value their even color, that beautiful dark shade of hair which is so attractive, use this old-time recipe.

Nowadays to get this famous mixture by asking at any drug store for a 60 cent bottle of "Wych's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wych's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

# DINNER TWO MILES LONG IS BEING PLANNED

Two miles of dinner, or a whole town enjoying its noon-day meal in the streets of the city is the novel idea that has been suggested by the advertising committee for the coming Korn Carnival. The plan which is under consideration is to have long benches constructed in the streets covered by the exposition, and have

each place numbered. Tickets will then be sold to the prospective diners, a certain section being reserved for those who may be guests of the city and wish to participate in the unique event. At a given signal all would begin to eat.

The plan includes the co-operation of the various churches, it being thought that each organization would be glad to take charge of a square, and serve the meals. In this manner the work would be so distributed that the feeding of the many hundreds would be a very simple matter.

By renting the lumber which would be used in the manufacture of the benches to serve as tables, the cost would be materially reduced, the promoters of the idea say, and they are confident that the entire expense would be within the means available.

If the idea can be carried out it is planned to have moving pictures taken of "The Longest Dinner on Record," and have it used in one of the weekly news films.

## Sunday Still Has Hot Time; Plot To Burn Tabernacle

Patterson, N. J., April 29.—Labor agitators who are opposed to the Sunday campaign in this city were disappointed at news from Trenton that the court of pardons had rejected the application for parole of Fred Sumner Boyd, the I. W. W. leader, who recently entered prison for sabotage, and waiting riot during the silk strike in Patterson.

Boyd is serving an indeterminate sentence of from one to seven years. His petition was signed by Wm. Roosevelt, Lincoln Steffens, Finley Peter Dunne and other prominent men. In the petition Boyd said he had undergone a complete change of heart and renounced the anarchist beliefs he held and the practices he advocated.

The I. W. W. planned to fight the Sunday campaign here, but the plans fell through due, it is said, to the fear that any undue demonstrations might injure Boyd's and more particularly, "Pat" Quinn's chances for freedom. Quinn and Boyd led the

rioting. Announcement was made today that as an indirect result of the Sunday campaign, a new Reformed church will be built here. One of the ministers leading in the revival said: "Patterson will have every church in the city packed, and it will have to build a half dozen new churches before 'Billy' is through."

"Billy" is working on a sermon he is preparing especially for the 350 silk mills of the city. He was brought to Patterson to reach the mill hands. He hasn't succeeded in doing so. He antagonized them in one of his first sermons. Emma Goldman helped dampen any enthusiasm they might have had.

It is said that Emma may return if "Billy" attempts in any unusual way, to appeal to the operatives. If she does, the chances are she will get no hall in which to speak. The strange coincidence of the burning of Turn Hall, the very night she spoke there

## NEW RULE MADE ABOUT GARBAGE

The city officials have decided to break up what has ever been a bad and unsanitary practice—that of people removing private garbage receptacles or running through their contents. Chief W. P. McCarty has been authorized to have his patrolmen place under arrest any person other than the owners of garbage receptacles, found stealing such or scattering their contents over streets and alleys. Persons thus arrested will be brought into court and made to answer for their offense. If there is no law to properly prosecute such cases the city officials are determined to create and put into effect such just measures as will assist in properly safeguarding private interests. Hereafter persons who follow this pursuit will be required to accept the entire contents, garbage and all, hauling such to the proper place where the material is regularly deposited by city collectors and

James H. Goodpaster, North End arborer, has written a letter to the mayor detailing his troubles with a neighbor woman. Mr. Goodpaster, in a reply to his letter, is advised that if he will dismiss from his mind the trouble he has had with the family he will serve his physical welfare very materially. Was in Vanceburg Dr. Jos Lake made a professional trip to Vanceburg, Ky., Wednesday.

## It is Just Natural To Admire Babies

Our altruistic nature impels love for the young infant. And at the same time the subject of motherhood is ever before us. To know what to do that will add to the physical comfort of expectant motherhood is a subject that has interested most women of all times. One of the real helpful things is an external abdominal application sold in most drug stores under the name of "Mother's Friend." We have known so many grandmothers who in their younger days relied upon this remedy, and who recommended it to their own daughters that it certainly must be what its name indicates. They have used it for their direct ailments and tendons as it aims to afford relief from too strain and pain so often unnecessarily severe during the period of expectancy. Every woman should mention "Mother's Friend" when the work is the subject of conversation. An interesting little book is mailed free upon application to Bradford Regulator Co., 405 Lamar Bldg., Atlanta, Ga. It refers to many things that women like to read about. Got or recommended a bottle of "Mother's Friend" 30-day and write for the book.

## Overcome By Heat And Almost Dies

Mrs. Julia Goings, wife of Police Officer Grant Goings, was prostrated by heat and almost died at their home 1081 Mill street Wednesday night. Mrs. Goings had been cooking until a late hour and gas from the stove added to her general discomfort she suddenly fainted away. Dr. Mickelthwait responded to a hurry call but it was fully an hour before the stricken woman regained consciousness. The husband was called home off his beat. Mrs. Goings was repositioned, resting easier Thursday morning.

## Identify Man Hurt Near Flood Wall

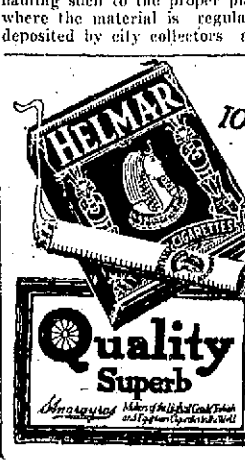

The well dressed stranger who suffered concussion of the brain when his head struck against some bricks in a fall near the flood wall steps at the foot of Market street Wednesday afternoon, regained consciousness on Wednesday night. A card bearing the name "Orville D. Doud, Bradley College, Peoria, Ill." in case of accident notify C. N. Ditson, Boston, Mass., was found on him. The man admitted to the attending nurse Thursday morning that his name was Orville Doud but nothing further would be gained from him and it is not known what he was doing in the city. His condition is not regarded as serious.

# FLASHES FROM THE REAL CENTERS OF SPORT

## REDS BEATEN 9 TO 8

Chicago scored more runs than the Reds in their game Wednesday and the Cubs of course won. No team ever won that made less runs than their opponents. Oh dear me.

Yesterday's contest, we hate to pull it, but here goes, was a weird one, the score being 9 to 8. Each team made sixteen hits. The score:

**BOTTLES "MOON-SHINE"**

The fans are telling a good story about a bottle up at Cincinnati, who was arrested for "bottling the moon-shine," astronomically speaking. They served a John Doe warrant on the boob and he fell for it.

## JUST GOSSIP

The heavy showers Wednesday prevented the Rockies from indulging in their daily practice.

Outfielder Good certainly had a good day with the stick Wednesday, reaching five safe bases on five trips in the plate.

Cincinnati fans insist that if Judge Landis' decision is favorable to organize and humbly that Catcher Gonzales will return to Holland.

New York, April 29.—Johnny Kilbane of Cleveland, champion featherweight is matched to fight Benny Leonard of New York in a ten round bout here tonight.

Cowell has been playing a few games at short for the Waco, Tex., team and is holding and hitting in old time form.

Johnny Mickey is leading off for the Waco team. So far Mickey has not hit his stride at the plate.

Metzger will certainly have two classy outfielders.

Skip Groug has won himself a home in Dallas by his heavy artillery work with the bat. Last week he made eight hits.

James Meyers, who was with the Huntington duck pin shooters last night is an old Portsmouth boy and is recognized as being one of the most talented scene artists in this section.

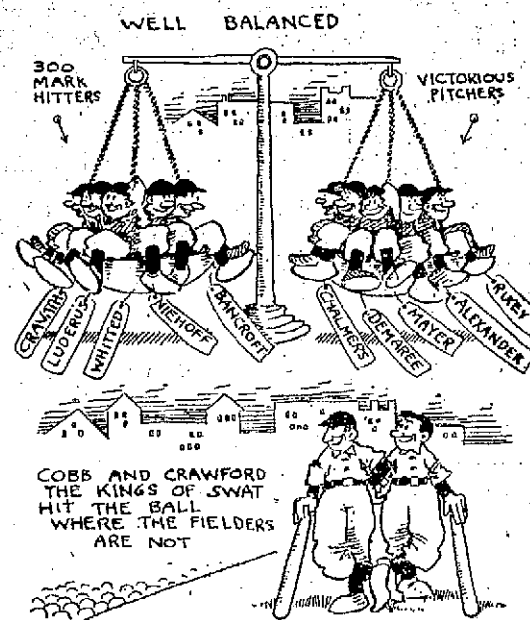

Mike Gibbons says he will fight Puckey McFarland for any sum. This is one idea of a real prize fighter.

Cowles is the only pitcher on the Cincinnati who is in good condition and capable of going the full distance.

## Huntington Bowlers Defeated By Locals In Duck Pin Match

Huntington duck pin artists, headed by that prince of good fellows, Carl Hildley, were given the once over by Ralph Mansfield's Maulers at the Play House alley last night, when before a crowded lobby they were beaten by a three game match by a margin of 55 pins, the only consolation the visitors got being the fact that they copied the first game.

The visitors, who have been angling for a match with the local stars for some time, were made to feel that the local gang is fairly wary from the fact when it comes to swatting the little pins. Hildley frankly admitted after the game that he had brought his best gunners and that he really was surprised at the class shown by the locals, whom he had expected to down with ease.

The locals shot with uncommon ease and deliberation, putting up a pin average of 117, which is going some in ducks. Mansfield led the assault with a total of 367, Metcalkie coming next with 350, Preddler third with 350, Wilhelms fourth with 316, while Wurster finished with a total of 321, a bad break in his opening game keeping him out of a much higher score.

The local players will play a return engagement at Huntington on next Wednesday night when they roll on the Marble alleys. They hope to repeat their showing of last night, although they admit they will be rolling on slungo alleys and will be handicapped in the same manner as the visitors were last night. The trip will be made in automobiles and it is thought the team will be accompanied by a bevy of rooters.

After the games were rolled last night the local team took the visitors in tow and they were shown the sights of a real live city. They were given the best of treatment and expect to repay in kind when the local artists visit the metropolis of West Virginia next Wednesday. The score:

### FREE BASEBALL IN DECATUR

Decatur, Ill., April 29.—As the opening day is a league holiday on which the gate receipts are pooled, an admission charge has to be made for the three opening games today. Tomorrow Decatur becomes the only league town in the country with free baseball.

About \$5,500 has been given by enthusiasts and business men and this with other sources of revenue, is expected to support the team for the season. Decatur had Peoria for its opponent today.

### MAY HAVE TENNIS TOURNAMENT

Franklin is planning to hold a tennis tournament during the Apple Show week there.

There is no doubt but what if a tournament was arranged that, tennis experts from all over Ohio, West Virginia and Kentucky would gather in Franklin to compete for the prizes that the executive committee of the Apple Show contemplate putting up.

## Will Make Trip

The All Professionals, a classy semi-pro team of the East End will leave Friday evening on a trip through West Virginia. They will play at Bluefield, Williamson, Wheeling, Gary and several other places. Sam Mowry is managing the team and its roster includes some very promising young ball players.

### GRIFFITH'S NEW DEPARTURE

Manager Clark Griffith, of the Washington American League club, comes to town with the assertion that he has spent his last dollar for the purchase of players and will hereafter develop them from off the backlots and from school and college teams. While Griffith has never been a heavy purchaser in the world's base ball market, he has since being in charge at Washington.

bought a number of players, yet of these Chick Gaudy, the first baseman, is the only one who comes to mind as having been retained. On the other hand, Griffith has been altogether successful in developing talent, pitchers at least, that came to the club in the rough. Harper, Bentley, Engel, Shaw and Handberg are all promising pitchers, whom Griffith picked up without the expenditure of a penny.

There will be more ball players and work by the first of May this season of 1915 than base ball has ever known. The National League alone by that date will have attracted the cat to over 100 athletes who may in part get jobs elsewhere, but who in so doing will crowd out others.

Not overlooking any sympathy for those forced out, especially the veterans, where the blow will fall hardest, this state of affairs should summon the attention of those now in the game.

There was a general tendency all last season to loaf, break training, and in other ways disregard discipline and produce an inferior standard of play.

It those left in the game late, the players swarming from so many varied drifts, there will be a return to the old law and the spirit which lifted base ball high.

oklahoma City, Okla., April 29.—After three postponements because of weather conditions prospects were favorable early today for the running here of the 200 mile Southwest Sweepstakes Automobile race. Ten drivers are entered for the \$5,000 purse and business for a new world's record.

## Ohio State Beat Chicago

Chicago, April 29.—Ohio State University base ball team defeated the University of Chicago team here Wednesday 4 to 1.

### Real Rooters With Team

The Huntington Duck Pin artists were accompanied by quite a gang of rooters last night and they made things lively at the Play House. It was probably the most strenuous bit of rooting unrecalled at the Play House this season. The upriver lads had 500 in the Gab League.

## Spiders Have Organized

The Spiders have organized for the coming season, and they believe they have put together a team that will make 'em all sit up and take notice.

The Spiders have always been able to hold up their end in a baseball way. The team was generally regarded as one of the best amateur organizations in the city and the players selected this year expect to maintain that reputation at all costs. The Spiders are now ready for games and the manager, Earl Reinhard, 638 Ninth street, will be glad to receive challenges from any team in the city. It is thought the Spiders will meet the River cats next Sunday. The newly organized Spiders will line up thusly: Ralph Brunner, c; Rollins, p; P. Brunner, ss; H. Monk, 1b; Meyers, 2b; C. Monk, 3b; D. Brown, lf; Hauser, cf; Clark, rf.

### DONALD'S FINE WORK

### Water On Sidewalk

## WHEAT WILL NOT BE IN TRADE

New York, April 29.—Officers of the Brooklyn National league baseball club denied today that Zack Wheat, the Superba's heavy hitting outfielder, was to be traded or sold to the New York Nationals. President Chas. Ebbetts of the Brooklyn club said there was not the slightest truth in the report and none of his players is for sale at any price.

Ebbetts said: "I am at a loss to understand how the report that he was to be traded to the Giants for Robertson, Peritt and Murray originated. Apparently everybody in Brooklyn knows about the deal except the officers of the club. I consider that Wheat is more than the property of the Brooklyn club—he is the property of the Brooklyn fans. The story that he is to be traded or sold is ridiculous and cannot be denied too strongly."

It was reported that McGraw was to give Murray, Robertson and Peritt for Wheat.

## CONNIE MACK IS PLANNING SHIFTS

Connie Mack is figuring on "putting Lajole on first base. He has not been showing very much this spring at the Keystone sack. If Lajole is shifted to first, Metkals is to go to second and Ohling is to come in from the outfield and take the third base position.

## Killing Game In St. Louis

"Frankly, I'm disgusted," says Hedges. "The seat of the Federal league war is right here in St. Louis where three clubs are competing against each other, and yet nobody seems to pay any attention to it nor do anything toward ending the conflict."

Hedges says he knows the St. Louis Federal Leaguers dropped \$100,000 last year. And this season the Browns have easily outdrawn the Reds. But St. Louis isn't big enough for three clubs.

### ROOKIES QUIT

Charleston, April 29. Three of the Senatorial squad of ball losers failed to put in an appearance at Exhibition Park yesterday when practice was called. Word was gradually whispered around that they had been given their unconditional release by Manager Henry Beers, explained that they had not been "canned" but had handed in their resignations before they were asked for.

## Four Club League

Padsch, Ky., April 28.—President S. W. Cox, of the Kentucky, Illinois and Tennessee League, known as the "KILL" League, issued a statement here during the week declaring the project of expanding into a six-club organization had been abandoned and that the season would open on May 11, with a membership composed of Evansville, Henderson, Paducah and Germantown. It formerly was proposed to admit Murphysboro and one other Illinois town.

## Douglass Suspended

The Enquirer says: Pitcher Douglas has been fined and suspended by Manager Hertzog for failing to keep in condition, and he was out on the grounds yesterday. It is possible that he will not work again for some time as the Red leader is fully determined to maintain the rules of the club with regard to discipline.

## DEVORE HANDS OUT RELEASES

(Chillicothe Gazette)  
Cy Hollern, catcher, Ralph Nichols, infielder, and Stanley Hubbard, infielder, have been released by the local management.

James Sullivan, catcher, Bill Wile, infielder, Clarence Kibbalt, infielder, and Thomas Dietrich, infielder, all reported for work yesterday.

But two more recruits are to report to Manager Devore and they are expected to show up today. They are Savage, first base and Kapzar, outfielder.

### JOINS NAILERS

Oscar DeBolt, brother of Hank and Charles, of Portsmouth, a sixteen year-old, who has been trying out in the Texas league has arrived in the city and will probably be one of the best winners on Manager Smith's roster this season.—Franklinian.

## NIXON MADE HOMER

Billy Nixon's home run with two men on was the feature of Tuesday's game between Cleveland and Indianapolis, which was won by the former by a score of 9 to 5. For the second time this season, Billy Southworth went hitless.

## PRESIDENT CARR IS MAKING ROUNDS

## ALL OUT OF SORTS

Artificial means won't bring back the "springy step" of good health. You must get to the bottom of the trouble. General weakness, "that tired feeling," sleeplessness, nervousness, many so-called "female complaints," are only nature's way of warning you to look after your kidneys, bladder and stomach. If your kidneys and bowels are not throwing off the poisons in your body, you will notice it either in a general feeling of tiredness, backache, body blotches, bad breath, stomach disorders, or inconvenience and pains in the urinary tract. Possibly gravel, or stone in the bladder, or uric acid crystals are beginning to form.

You can readily stop this at once by going to your druggist and insisting on his supplying you with a box of GOLD MEDAL Hamlet Oil Capsules. They act quickly, and almost instantly attack the poisonous germs that are clogging up your system. For over two hundred years they have been helping others. Why not try them? Sold everywhere by reliable druggists in sealed packages, 25c, 50c and \$1.00. Money refunded if they do not help you. Look out for counterfeits! Make sure the name "GOLD MEDAL" is on the box. Also our name, Genuine Hamlet Oil Mfg. Co., American Office, 194 Water St., New York City.

## Crew Dispatcher At Bluefield Is Killed; Fell In Engine's Path

Bluefield, W. Va., April 29.—Lot L. Linkenhooker, crew dispatcher, was instantly killed just east of Mercer street bridge by yard engine No. 994, at 1:05 o'clock Wednesday morning. The accident was said to be due, as he walked across the yard from the south side bound for the yard office at the round house, to his stepping into a hole where the slag had been spaded out, which caused him to trip and fall directly across the track in front of the moving engine. He was dragged for a distance of seven or eight steps and his body was caught between the front pony trucks, his right arm being cut off and his right leg almost severed, his body also being badly mutilated. Mr. Linkenhooker had been to his midnight lunch and was returning to his office at the round house.

Mr. Linkenhooker had been in the employ of the railroad company for fifteen years, being promoted from chief call boy to crew dispatcher.

He was the son of Mr. and Mrs. S. R. Linkenhooker, of Barger street, and was thirty-one years of age and single.

He was a member of five lodges the Eagles, Pythians, Woodmen, Moose and Brotherhood of Railroad Trainmen.

The body was at once removed to the Bluefield Undertaking parlors.

The victim was a one-armed man, having lost his left arm when a boy as the result of being run down by a train car at West Graham in a lumber yard.

There are four brothers of the deceased who are railroad men—George R. Linkenhooker, a fireman; Luke F. Linkenhooker, an engineer; and C. G. Linkenhooker, the latter a machinist in the Virginian shops at Princeton.

Two sisters also survive the deceased; Miss Eva Linkenhooker, of this city; and Mrs. Jack Gilmore, of Brush Fork.

## CORN LIFT OUT

Dr. Hunt's New Penetration Method Loosens Them Root and All. FULL SIZE BOX 10c.

No corn ever went so easily, quickly or surely as by Dr. Hunt's new way—the penetration principle of permanently curing corns. Dr. Hunt has devoted a life of study to this one subject. The final result is this entirely different method—a method by which corns GO forever in two short days.

Dr. Hunt's New Corn Cure comes in a simple plaster form. Six plasters in a box. Cut plaster size of corn and apply it. Doesn't "bake" like clumsy pads. Contains no caustic to smart or cause blood-poisoning. No pain necessary. "Wear any shoes. Ease comes the moment you apply this new remedy. You walk in comfort. You forget your feet. In two days corn lifts out.

Nothing like Dr. Hunt's New Corn Cure has been known before. It is an entirely new principle. Millions of packages have already been sold. Cures any corn. They must go. And the price is only ten cents a box. Guaranteed or money back. That's very little to pay for foot comfort. Sold by druggists and shoe dealers everywhere. Cure your corns once and for all, this new way. If any difficulty in securing, send 10 cents in stamps for a box, to American Chemical Company, Sidney, Ohio.

## The Plainest Of Propositions:

THE greatest of modern inventions is the utilization of electricity. We regard that as the plainest of all propositions, because directed and controlled by human genius electricity "can do anything" as we say. That is it does the most tremendously powerful and terrible things and the delicate and exquisite. It will drive a ship through the waters, it will melt away the great barrier of steel and iron; it will waft zephyrs as soft as those that saunter up from the southland in the fragrant spring, it will illumine with ray as faint as that of moonbeam.

Yes, it will do all things between these things, but do you know we like to think of it best as the handmaid of the home. There is nothing like it in administering to the cleanliness, comfort and health of home. Just think of it yourself! Used as a light it doesn't create any dirt or disorder, is there any other illuminant that doesn't. Its convenience, its comfort, is summoned to your order with no more than the lifting of hand, noiselessly, instantaneously. It is healthy because it, not alone gathers no dirt, but because it throws off no harmful or noxious vapors or gases of any sort.

It is always ready, it is always willing. It does the thing expeditiously and efficiently you summon it to do and it "never talks back", nor complains. It doesn't leave you without warning to take service somewhere else. It gives light by which you can see and it gives heat by which you can cook. Many and many services it can render you, if you so arrange, and the field of its usefulness is constantly expanding. It is the one utility that is not only going to last for ever but it is one that every year becomes more of a convenience and a necessity. No home is actually complete without it, the home without it in the future is going to become both less desirable and valuable. Before you move into a house make inquiry if it has electric service.

Yours to serve,

The Portsmouth Street Railroad and Light Co.

## A Poor Year For The Downtrodden Lobster

It's a poor year for lobsters, and now residents of the Scioto Point have "riz" up in arms against the "critters" camping around in their balliwade.

Express men dumped a shipment of decayed lobsters in the flood wash-out under the new re-fill bridge at Second and Scioto streets, and the stench was topped off by several cases of rotten eggs that some grocer is said to have thrown on the dump.

The odor arising from the pile is so intense that the city has been moved to official action, and it has been suggested to William Gergene, director of public service, that he place a sign over the bridge warning that arrests will follow every violation and that the penalty will be a \$25 fine.

The dump was never intended for decayed matters and they instead are supposed to be sent to the reduction plant operated by the Portsmouth Chemical Company.

## Doctors To Meet

## Traction Co. Sues To Obtain Land

Ironton, O., April 29.—An action for specific performance and equitable relief and damages in the sum of \$600 and \$10 per day, was filed in the common pleas court, the style of the action being the Ohio Valley Traction company vs. Henrietta and William Slaughter.

The plaintiffs set out in the petition that they contracted with the defendants, through their agents and attorneys, to buy certain lands owned by them, situate in Hamilton township, and claim that they paid the sum of one dollar at that time, September 13, 1913, but that when they tendered the remainder of the money to complete the deal, it was refused and the plaintiffs are denied possession of the property.

They ask that the court compel the defendants in the case to complete the contract and that they be allowed damages to the sum of \$500 for the past and that they be allowed damages at the rate of \$10 per day until the action is performed for which they petition. Attorneys in the case are Andrews and Irish and Johnson and Jones, of this city, and Miller, Miller and Seal, of Portsmouth.

## Mrs. Anstead To Take Post Graduate Course

Mrs. Minnie Anstead, visiting nurse of Scioto County Anti-Tuberculosis Society, has arranged with both local and state boards for a leave of absence of several months. Mrs. Anstead has been planning for some time to take a post graduate course in surgical and other work at Cook County Hospital, Chicago, Ill., and expects to enter the hospital in June.

Mrs. Elida Wynns, trained nurse, will substitute for Mrs. Anstead during her absence. Mrs. Wynns is a nurse of ability and well fitted for the work, having done district nursing in Columbus and successfully passing the Civil Service examination. Mrs. Anstead feels that she leaves the work in competent hands and asks that the co-operation and help that has always so readily been extended to her in the work, be extended to Mrs. Wynns.

## A PORTSMOUTH MAN GIVES EVIDENCE

His Testimony Will Interest Every Portsmouth Reader

The value of local evidence is indisputable. It is the kind of evidence we accept as true because we know we can prove it for ourselves. There has been plenty of such evidence in Portsmouth papers lately, and this straightforward testimony has established a confidence in the minds of Portsmouth people that will not be easily shaken.

W. H. Fowler, 515 Sixth St., Portsmouth, says: "I suffered awfully from kidney ailments for several years. I was so bad that I could hardly bend over and many times when I did, sharp pains started from the small of my back all through my body. The kidney secretions passed too often and there was a burning sensation. They also contained sediment like brick-dust. I finally began using Dean's Kidney Pills, procured at Stewart's Cut Rate Drug Store, and felt relief from the first box. I kept on using them and after I had finished three boxes, I was cured."

## HENDERSONS SEPARATE

Tom Henderson and wife, Mrs. Nancy Henderson, of Earlytown, have separated, he going back to Kentucky to stay after securing his bedding and personal effects with the aid of the police Wednesday.

Henderson and wife became estranged he told the police, over the fact that his wife entertained visitors, who were objectionable to him, he said. The city officials will also investigate complaints that the Henderson home is not a proper place for the little children of Mrs. Almada Lewis.

## Consults Bishop

Rev. Father Francis Gloeckner, who was appointed pastor of St. Joseph's church in Ironton to succeed the late Rev. John J. Schneider, left here for Columbus Thursday morning in response to summons from Rt. Rev. James J. Hartley, Bishop of the Columbus diocese. Father Gloeckner will assume his new pastorate at Ironton on Sunday, May 9th.

## Warning Given

James McFarlan and wife, the East End couple whose home was raided by police, were given a hearing Wednesday evening. The woman was severely scolded by the court for permitting conditions such as the police found them and gave her to understand that only consideration for her little child saved her from punishment at this time. The couple was accordingly dismissed with a warning.

## WHEELERSBURG SCHOOLS TO HAVE PATRON'S DAY

The Wheelersburg schools have been working for some time on a Patron's Day and May Festival to be held at the school building Friday, May 7th. During the morning the school will be in regular session to give the parents an opportunity to see just what is being done in the classroom. Another feature of the morning will be the work on display in the exhibit room. The teachers have been working on this exhibit for several months, which will consist of work from every pupil in every subject. Parents must not fail to see this display of work, as it will show each child's work in comparison with others of the same grade.

Parents are requested to bring their dinners and stay for the day. The afternoon is to be devoted to a May Festival. First the May Queen will appear before the people in all her glory and be crowned. Then in her honor there will be a pageant representing six different periods of history. The pageant

consists of seventy-two pupils from the different rooms, and will march about the campus singing an appropriate song and will then march up to the throne, distributing their various gifts at the feet of the queen. Following this there will be songs, special flower drills, May pole dance, etc.

The next on the program will be short speeches by County Superintendent of Schools E. O. McCowen and a member of the school board. After the speeches there will be numerous games, such as volleyball, tennis, play ground ball, winding up with an inter-class track meet, consisting of five events. The big feature of the meet will be the relay race.

It is hoped that the entire community will set this day aside and come together for a big time. The Senior Class Play will be given at Hacquard's hall on Wednesday and Thursday evenings, May 19th and 20th. The High school commencement will be Friday, May 21st.

## EXALTED RULER M'CALL NAMES HIS COMMITTEES

Exalted Ruler Stanley McCall, presiding over the Portsmouth Lodge of Elks Wednesday evening for the first time since his installation two weeks ago, announced the appointment of the following officers and committees to serve during his term of office: Chaplain, John Jones; inner guard, W. H. Harbath; esquire, Ernest Kelley; visiting committee, John Jones, E. K. S. Clinkenshard and A. M. Turner, of Sciotoville; auditing committee, Otto Maitre and Dr. George S. Mytinger.

Two other committees were ap-

pointed as follows: To purchase jewel for Past Exalted Ruler Karl Zoellner, E. K. S. Clinkenshard, William J. Meyer and Horace L. Smyll; to purchase jewel for Past Exalted Ruler Orin B. Oakes, E. W. Gableman, Paul Davidson and Charles Albrecht.

Suitable action was taken by the lodge relative to the death of W. Hayden Bush, one of its members who died in a Columbus hospital last week.

Only a few more than a quorum necessary to transact business were present at the meeting, which was the smallest in months.

## SALLIE WANTS OUT

Mrs. Sallie Collins, who was sent to the Cincinnati workhouse some weeks ago, following a drink bout in the hills north of Kinney Lane, is begging for her release. In a letter to the mayor she blames her whole predicament on "Dutch" Heid, who, she says, got her drunk and then beat her up. Her plea will be ignored, as it is not the first time she has been sent to the workhouse.

## Don't Poison Baby.

Forty years ago almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or are prohibited from selling either of them "poison." The definition of "narcotic" is "anybody without labelling them 'poison.'" The definition of "narcotic" is "a medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTOR OIL DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher. Quinine Castoria always bears the signature of Chas. H. Fletcher.

## Will Confer Over An A-T-B. Hospital

Following a conference held at the First National bank Wednesday by officers of the Anti-Tuberculosis

Society of Scioto county and Dr. Robert Patterson of the Tuberculosis Division of the Ohio State Board of Health, it was announced that Dr. Patterson would return here Monday, May 3, to hold a joint meeting with the county commissioners relative to the proposition to secure a district tuberculosis hospital for Scioto county.

Five counties are included in the district and members of the tuberculosis society here are determined to make a concerted effort to land the district hospital.

## STILL USES A CANE

Richard Barry, a well known Gallia street citizen, upon the advice of his sons and daughters has reconsidered his decision to return to work at the N. & W. Terminals. He is still forced to use a cane in walking, not having fully recovered from the effects of a fall some months ago. He had hoped to return to work May 1st. Mr. Barry with characteristic pluck spent Thursday morning garden making though forced to do so while in a sitting position and they do say wielded the hoe with old time vigor.

Most anything is permissible to wear for Sunday evening supper except a regular dinner frock. A one-piece dress or a suit with a fancy blouse, would be appropriate.

Dear Miss Wise.—I have very itchy feet. When I scratch them they burn and water comes from the sore places. What can I do for them? A READER.

Bathe them in salt water each evening before retiring and then use a good talcum to make them perfectly dry. It may be that your system is out of order. I would see a physician if local treatment does not affect them for good.

Dear Miss Wise.—Could you recommend some exercises that would strengthen one's back? I am a young lady and have a very weak back. MAYBELLE.

I cannot recommend exercises without knowing the condition of your back. You might be helped by taking gymnastic work under a skilled director—one who would be careful not to let you strain your back.

Dear Miss Wise.—Will you please inform me what is the proper way to acknowledge an invitation which was written on a visiting card? MRS. G. E.

Such an invitation should be acknowledged in the third person. Use note paper for the purpose.

Dear Miss Wise.—Please tell me a way to fatten my neck and arms. My neck has always been commented on for being so full and pretty, but since I am losing flesh, rapidly, recently (for which I cannot account) my neck and arms are not so plump. Do you know of any tonic which is a good flesh builder? Thanking you, I am ANXIOUS.

There was a recipe for a good skin food in the paper Tuesday night. You might have it filled and massage your face and neck with it. However, if you will practice deep breathing and eat plenty of rich nourishing food, I think your face and neck will fill out in no time.

## SOCIETY

Charles Roth, traveling salesman for a big furniture house of Grand Rapids, stopped off in Portsmouth, Wednesday evening, on his way home from a Southern trip to make a short visit with his aunt, Mrs. R. L. Dawson, of Jackson avenue, who has been ill for the past two weeks with rheumatism. He will leave for Grand Rapids, Friday morning.

Mr. Carey Stephenson has returned to his home in Adams county, after a visit to Mr. and Mrs. Newell D. Roberts, of Sixth street.

Mrs. Robert Bush, of Salem, Ky., is the guest of her sister, Mrs. C. H. Smith, of Kendall avenue. Mrs. Smith has been ill with the grip for the past six weeks, but is gradually improving.

The Y. W. C. A. religious committee will give a musical Thursday afternoon, May 13th, at the home of Mrs. P. E. Selby, where the best talent in the city will take part in the program.

Mr. and Mrs. Fred Kehrler, of Columbus, are the proud parents of a daughter, born yesterday at their home. This is their second child, as they have a son three years old. Mr. Kehrler was a former Portsmouth boy and Mrs. Kehrler (formerly Miss Sara Miller) has often visited at the home of Mrs. James Hager and at the Clare homes in Portsmouth.

Mr. and Mrs. H. C. Mosely entertained last evening with a six o'clock dinner in honor of the third wedding anniversary of Mr. and Mrs. Ely Brown. Other guests were Mr. and Mrs. W. H. Eshelman and daughter, Olive.

Miss Austin Doyle was hostess at this afternoon's meeting of the Afternoon Sewing Club at her home on Eighth street. Needlework was followed by refreshments. The next meeting will be held at the home of Mrs. George Weige.

Mrs. William Reider entertained Wednesday evening with a handkerchief shower for the pleasure of her niece, Miss Edna Asholz, fiancée of Mr. Frank Baggs, Jr. Yellow and white was the color scheme. The evening's diversions consisted of games and music. Mr. William Reider played beautiful piano music and Miss Elizabeth Reinhardt, daughter of Mr. and Mrs. Edward Reinhardt, and cousin of the bride,

attired in white, with ribbons of yellow, presented a beautifully decorated basket in yellow and white to the bride, who found dainty parcels containing handsome handkerchiefs. The refreshments were served on yellow and white decorated plates. The hostess was assisted by Misses Crystal Jacobs, Henrietta Cropper and Ida Asholz.

The Bridge Club will meet Friday afternoon at the home of Mrs. Jacob H. Smith.

Dr. J. W. Fitch and Mr. Frank Beavre, in response to an invitation from their sons, Clyde Fitch and Graham Beavre, who are members of the Delta Tau Fraternity at the O. W. U., Delaware, left this morning for Delaware to be present at "Daddy's Day" exercises at the Delta Tau Fraternity house for the week-end. The fathers of all the members are invited. Friday afternoon there will be two ball games; Saturday a circus, and other pleasures for Sunday. The Daddies will return Monday to their homes.

The Woman's Union of the First Christian church are anticipating a great crowd tonight. The play, "How the Story Grew," is full of fun and sure to please. After the play ice cream and cake will be served, all for ten cents.

Mrs. H. Farley and daughters, Miss Myrtle Farley and Mrs. G. B. Hogan, attended the funeral of Mrs. Eva B. Miller yesterday afternoon at Fullerton.

The All Saints Ladies' Aid Society met in business session yesterday afternoon in the chapel and elected officers for the new year, as follows:

President—Mrs. Harry C. Donnelly.  
Vice-President—Mrs. A. A. Ennis, re-elected.  
Secretary—Mrs. Raymond D. York.

Treasurer—Mrs. W. S. Oldfield.  
The annual reports were given and will also be read at the Parish meeting next Monday evening.

Mrs. Lucia Scott and daughter, Mrs. Nathan Booth, have gone home to Alexandria, Ind., after spending the winter with Mrs. Henry Heer.

As a farewell to Miss Margaret McMahon, who leaves soon for her new home in St. Louis, Mo., the Matron and Maid Club will entertain their husbands and friends this evening at the K. of C. club rooms.

The T. B. C. Club will meet this evening at the home of Miss Pearl White, of Third street.

Ethel McCall has resumed her work as stenographer to the city solicitor, Stanley McCall, after a few days' illness.

Miss Nan Spencer, clerk in the office of County Auditor Patterson, is enjoying a vacation in Columbus. Her sister, Addie, is filling her position during her absence.

The Clover Club, Mrs. J. P. Turner's class of Sciotoville M. E. church, met yesterday afternoon at the home of Mrs. John Hoskings, where a delightful afternoon was spent in needlework, after which the hostess served ice cream and cake.

Those present were Mesdames Lora Klinger, Martha Price, Alta Yeast, Mattie Brown, Boss Turner, Anna Taylor and son, Roy, Reaved DeCrow and daughter Bettie, Anna Williams and son Willard, Rufus Dupre and son Emerson, and two visitors, Mrs. Anna Henken, of Newport, Ky., mother of Mrs. Hoskings, Mrs. Ellen Southerly, of Columbus, mother of Mrs. Anna Taylor.

Mrs. George W. Grimes is getting along nicely at Dr. Holmes' hospital in Cincinnati. The operation on her eye was very successful and she will soon be able to return home.

The Y. W. C. A. religious committee will give a musical Thursday afternoon, May 13th, at the home of Mrs. P. E. Selby, where the best talent in the city will take part in the program.

Mr. and Mrs. Fred Kehrler, of Columbus, are the proud parents of a daughter, born yesterday at their home. This is their second child, as they have a son three years old. Mr. Kehrler was a former Portsmouth boy and Mrs. Kehrler (formerly Miss Sara Miller) has often visited at the home of Mrs. James Hager and at the Clare homes in Portsmouth.

Mr. and Mrs. H. C. Mosely entertained last evening with a six o'clock dinner in honor of the third wedding anniversary of Mr. and Mrs. Ely Brown. Other guests were Mr. and Mrs. W. H. Eshelman and daughter, Olive.

Miss Austin Doyle was hostess at this afternoon's meeting of the Afternoon Sewing Club at her home on Eighth street. Needlework was followed by refreshments. The next meeting will be held at the home of Mrs. George Weige.

Mrs. William Reider entertained Wednesday evening with a handkerchief shower for the pleasure of her niece, Miss Edna Asholz, fiancée of Mr. Frank Baggs, Jr. Yellow and white was the color scheme. The evening's diversions consisted of games and music. Mr. William Reider played beautiful piano music and Miss Elizabeth Reinhardt, daughter of Mr. and Mrs. Edward Reinhardt, and cousin of the bride,

attired in white, with ribbons of yellow, presented a beautifully decorated basket in yellow and white to the bride, who found dainty parcels containing handsome handkerchiefs. The refreshments were served on yellow and white decorated plates. The hostess was assisted by Misses Crystal Jacobs, Henrietta Cropper and Ida Asholz.

The Bridge Club will meet Friday afternoon at the home of Mrs. Jacob H. Smith.

Dr. J. W. Fitch and Mr. Frank Beavre, in response to an invitation from their sons, Clyde Fitch and Graham Beavre, who are members of the Delta Tau Fraternity at the O. W. U., Delaware, left this morning for Delaware to be present at "Daddy's Day" exercises at the Delta Tau Fraternity house for the week-end. The fathers of all the members are invited. Friday afternoon there will be two ball games; Saturday a circus, and other pleasures for Sunday. The Daddies will return Monday to their homes.

The Woman's Union of the First Christian church are anticipating a great crowd tonight. The play, "How the Story Grew," is full of fun and sure to please. After the play ice cream and cake will be served, all for ten cents.

Mrs. H. Farley and daughters, Miss Myrtle Farley and Mrs. G. B. Hogan, attended the funeral of Mrs. Eva B. Miller yesterday afternoon at Fullerton.

The All Saints Ladies' Aid Society met in business session yesterday afternoon in the chapel and elected officers for the new year, as follows:

President—Mrs. Harry C. Donnelly.  
Vice-President—Mrs. A. A. Ennis, re-elected.  
Secretary—Mrs. Raymond D. York.

Treasurer—Mrs. W. S. Oldfield.  
The annual reports were given and will also be read at the Parish meeting next Monday evening.

The T. B. C. Club will meet this evening at the home of Miss Pearl White, of Third street.

Ethel McCall has resumed her work as stenographer to the city solicitor, Stanley McCall, after a few days' illness.

### GOLD DUST

and how it actually works for you

The active principle of Gold Dust is a valuable antiseptic cleaning agent.

It actually works. It gets into the little corners and crevices where fingers and washcloths can't reach.

It permeates and dissolves dirt, grease and grime everywhere and it cleans and brightens everything.

Use Gold Dust not only for washing dishes, but for washing bathtubs and bathroom fixtures, scrubbing floors, washing woodwork, cleaning and freshening linoleum and oilcloth, cleaning and brightening pots, pans and cooking utensils, giving luster to glassware—in short, for any and every cleaning and brightening purpose.

### Valspar dries hard overnight!

Valspar is a quick-drying varnish. You can apply it this afternoon and overnight it will dry hard enough to walk on. Thus you do not have to close the doors of a room for a few days simply because varnishing has been done.

Valspar is also tough, durable, and long-lasting. And remember that Valspar is the washable varnish. Soap and water will keep it clean. That is why it is desirable on everything that is varnishable, indoors or out. It is a perfect finish for furniture.

We guarantee satisfaction or your money back. Printed instructions for using Valspar correctly and a set of beautiful Valspar Poster Stamps can be obtained from us free of charge.

## 'NOTHER IDOL SHATTERED.

'Nother idol shattered. Al Windel has gone back on the horse and has become a convert to the pesky automobile. We imagined that all others might fall before the allurements of the gasoline wagons, that autos would become so common that the man who did not own one would be accounted as hopelessly out-of-date; but we thought the one man who would be standing in the front rank and shouting loudest of all that the horse had it on the automobile every minute of the day would be Al Windel. We were so certain of that being the case that we refused to believe the tale of Windel's fall from grace; even when published in our own veracious chronicle of world-wide and local events.

But alas, it is, too true. We have seen the evidence with our own eyes and we sorrowfully give up the ghost. There sat Windel in a modern buzz wagon, the hand that used to hold the lines over that high headed, high stepping thoroughbred, deftly whirling an 18-inch wheel as he guided his ear in and out through the maze of traffic on Chillicothe street, while the hand that once upon a time whirled a gaily beribboned show whip, was pressing insistently upon a little button that made a Klaxon screech and scream its warning. Yep, it's all off. Another clumpion of the horse has fallen in the trenches and judging by the look of contentment on his face as he drove by we imagine he is pleased glad that he has fallen.

"It seems to me," said the man who stands on the First National Bank corner every day in the year, holidays included, "it seems to me that judging from the number of Republican patriots who have rented homes in Columbus in anticipation of the jobs Frank Willis is going to give them, the board of trade, as a matter of civic pride, should order an immediate census taken. The domination of our population by the political job route will be worse than if the Kaiser had dropped a few smokeless gas shells in our fair midst. That is, of course and always providing that nobody gets disappointed."

Noting that one of our argus eyed reporters observed and commented upon the fact that Probate Judge Bently strolled down the main street of this metropolitan city, sans vest, sans coat, and proudly displaying "a fine, big pair of galluses" for the Judge has never yet acquired the belt wearing habit, we rise to remark in defense of the belt wearers, and without any intention of slandering the Judge's shape, that we very much doubt if he could hold 'em up with a belt. In fact we think if he ever attempted to stroll about our busy thoroughfares wearing a belt he might be sans something else besides a coat and a vest.

We have kept a watchful eye out for automobiles and buggies and street cars and jitney buses and even push carts in passing along the streets of this busy metropolis and then to think that Woo Yen's Chinese laundry wagon ran over our toes while we were chasing across Third street as fast as our legs could carry us during the hail storm yesterday. We are emphatically in favor of a city ordinance to regulate the driving of Chinese laundry wagons during hail storms.

"Well," said the man who was on his way down town to the movies, as he sat down by us on the street car last night, "I've picked out the toastmaster for our feed to Frank and Warren G. There's really only one man entitled to it and his name is Young Due Sellards. Wasn't he the original Willis man? And shall his light be hidden by a rush of other office seekers right here in his own home town?"

Another sign that Spring has arrived is that Col. Thorn, our solicitor of 16 years standing, blew in Wednesday to make arrangements for his semi-annual visitation upon the citizens of this free and enlightened community to see if he can discover any one so unfortunate as not to be enrolled upon our circulation books, at the modest price of ten cents per week and, we believe, worth every cent of it.

In Ashtabula jitneys are required to pay \$100 annual license and put up a big bond against inflicting damages. It is apparent the town has more of the jitneys than some people want.

## NO SILVER PLATTER FOR HIM.

The National City Carriers' Association has a silver platter and \$35,000 in cash on hand that it doesn't know exactly what to do with.

The story thereto and wherefore attaching is not long and altogether beautiful: To begin with there was once upon a time in congress a real gentleman. As to his nationality we will not hazard a guess. Suffice it to say that at the time he was from Connecticut and his name was Patrick Joseph O'Reilly. His specialty in statesmanship was righting the wrongs and relieving the oppressions of the over-worked and under-paid slaves of Uncle Sam, who toiled through the heat of summer and the snows of winter packing the mails of others over the city on their backs.

In this field Mr. O'Reilly labored long and assiduously, with a rare success, and he never thought of striking off work until his constituency said he must abide at home with them. Then the rarest of two things happened, to rare and so unusual on the part of both the main actors that one concludes this is not half as ignoble a world as it is written down. For when defeat and rejection came to Mr. O'Reilly, those whom he had striven and labored for did not forget him, but they sought then to show something of their appreciation and gratitude. The Carriers' Association raised a purse of \$35,000 and as he hoped delightful surprise, tendered it to Mr. O'Reilly on a silver platter, the orator accompanying the proffer with glowing words of praise. These, that is the words, were accepted by Mr. O'Reilly with the same fervor with which they were uttered, but he declined the platter and rejected the money. Service had been rendered by him as congressman to a branch of the government to which he was chosen. It had been rendered as a simple matter of right and justice. There was no thought or purpose beyond that and no expectation of reward, except the satisfaction of acceptably discharging a responsibility. He was sorry, he was really very deeply moved, at the more than substantial show of appreciation of his efforts, but he couldn't spoil his own satisfaction, he couldn't raise any doubt as to his unselfish interest in a matter by even so long after the service was rendered accepting a favor from those benefited. Somehow it didn't seem just right to him.

Very fine, indeed. May the shadow of Mr. O'Reilly never grow less and may his tribe increase, not only in congress but in every branch of the government.

## EVERY DAY A DAY.

(Chicago News.)

Nearly every day is some sort of a day. It is "mother's day," or "olive day," or "wash day," or a birthday or a pay day. Somewhere in our great republic, some group of earnest and pious people is doubtless celebrating this very day. The calendar is all shot to pieces with holidays, many of which conflict. Something will have to be done about it. These frequent holidays and anniversaries are a strain upon the mind and interfere with work. So it is respectfully submitted that, if the mania for celebrating the commonplace and glorifying tenth rate "heroes" cannot be overcome, a commission be appointed by the president, governor and mayor to attend to the celebrations in due form. The people, no doubt, would be willing to pay the members of this commission handsomely to take the doleful business of celebrating in hand and attend to it, for there is nothing sadder than the observation of a "day," as it is ordinarily practiced in our lovely-and-all-that country. There are speeches by speakers who cannot speak, about persons who do not matter, to hearers who are bored to death. And there is a collection. That function is always solemn. Now the proposed commission could endure all this, being paid for it. And it could see to it that municipal, state and national heroes are properly taken care of, by having streets, schools and 5 cent cigars named for them. Let us ask that such a commission be appointed at once.

## THE HONEYMOON OF THE FLOWERS.

(Jackson Standard-Journal.)

Jackson county is almost like Eden this week, for wherever you turn your eyes, you see trees pleasant to the sight.

The Spice bush is the first fruit shrub to blossom in this county; then comes the Service trees, whose flowers began to open April 15. The Plums were flowering April 16, and the Peaches and Pears began to show their colors April 17. I saw Red Bud in profusion April 21, then Cherry blossoms burst in quick succession. A few Apple blossoms were showing April 23; and now the full tide of fruit flowers is on, and Jackson county hills are telling the glory of God.

While rain is needed, the orchard men are hoping that there will not be too much rainy weather until the honeymoon of the flowers is over.

We can, with our usual Sherlock Holmes vision of the future, see wherein the job of county surveyor is destined to become very popular. The Ohio senate has passed a bill authorizing county commissioners to buy automobiles for the use of county surveyors, and the house is expected to do its duty likewise.

One of our pleasant diversions about three times a week is to escort our small niece and her young lady friends up to Cartoonist Shonkewiler's room and listen to his elaborate explanations as to why he cannot forthwith produce William Butt in for their admiring inspection.

These are unhappy days for us. We don't know whether or not Italy is going to hop into the war and then too we fear that we will be overlooked when the bids are sent out to that feed for Warren and Frank.

We stood in the tastefully decorated and marble floored lobby of the post office at Ironton the other day and as we thought of the marvelous rathskellar floor of our own post office lobby, we felt sorry—for Ironton of course.

Way down in Arkansas an editor observes that the mistake Mr. Ben Davis made when he invented the apple he named after himself was that he did not at the same time invent some one to eat it.

When Willis and Harding have adventured here and a few score of kops have paid a dollar each for a feed we may expect an exuberant second growth of mayoralty candidates.

Isn't this just the most wonderfully delightful climate—by spells—to be found anywhere on earth?

If Jess Willard were a resident of Portsmouth he would solve the mayoralty problem for the G. O. P.

## Little Girl Hurt At Street Fair

Hazel Reilly, a 10-year-old daughter of Joe Reilly, a Findlay street crossing watchman, was severely hurt in falling over a sign line at the street fair Wednesday night. The child seemed to have been injured internally, and fainted away. Alf Frederick, a Market street saloon keeper, who chanced to be standing nearby, picked her up and carried her to the home of George Sacks at No. 211 Third street, where restoratives were applied. She seemed in a highly nervous state and was later put aboard a street car with a little girl companion named Arnold, for her home on Hay street, between Tenth and Eleventh streets. She had recovered sufficiently from the effects of the fall to be able to go to school Thursday morning.

## Only a Little Toady

Only a little toady,  
With a coat of dirty brown,  
And warts upon its back,  
By my doorstep I found.

Only a little toady,  
But what wondrous power it has,  
To bring to mind the dear ones  
In my childhood home; alas!

Only a little toady,  
To look at, you are not fair,  
But should I let them kill you,  
'Tis only I, just let them share!

Only a little toady,  
Your mission is to clear  
The flower garden of its bugs,  
Just far that I hold you dear.

Only a little toady,  
When you see him on the road  
Do not hurt the little fellow,  
Do not kill the poppy-toad.

Only a little toady,  
That hops among the leaves,  
And gobbles up the bugs  
From off the flowers and pens.

Only a little toady,  
Do not disturb its sport,  
But let him enjoy the bugs  
Till winter puts him short.

## ITALY, ON FENCE, CONTINUES HER NEGOTIATIONS

### GAINS TO BE HAD BY INTERVENTION ARE LOOKED INTO

Berlin, April 29.—According to reliable information the Austro-Italian negotiations are "proceeding satisfactorily," says the Overseas News Agency. "The most difficult point already has been overcome. The remaining ones are comparatively unimportant."

Verona, April 28.—Via Paris (April 29).—Railway service on the Austrian side of the frontier virtually has been suspended for ordinary purposes. All lines are being used to carry troops to the Italian frontier.

Rome, April 28.—via Paris, 29.—Italy is continuing negotiations with the powers arrayed on both sides in the war. The diplomatic interchanges with the Allies are designed definitely to clear the atmosphere with regard to what Italy would obtain should she enter the war on the side of the triple entente. The conversations with the Central Empires seem to aim chiefly at convincing Vienna and Berlin that this country is determined to remain steadfast in her demands.

It is said to have been pointed out to Germany and Austria that the Italian program has not been framed by the present cabinet which might be changed with a change in Government, but is based upon the unanimous and insistent demands of the country in which the cabinet must submit or be removed from office.

Foreign Minister Sonnino credited with the ability to hammer home as forcefully as any other man in the country Italy's determination to insist on realizing her territorial aspirations, is said to have resisted obstinately the diplomatic efforts of Prince Von Buelow, the German Ambassador, while insisting that Trent and Trieste are Italian by race and history and must be returned to Italy.

Von Buelow Strives For Austrian Concessions  
Prince Von Buelow still is striving to induce Austria to make concessions and prevent Italy from becoming one of the belligerents.

A member of the government on the other hand, when asked whether any agreement had been

### "DANCE CRAZE CURE" FOR DIVORCE EVIL

Mrs. Walter Phillips.

Mrs. Walter Phillips, wife of the New York author and journalist, seen in the present dance craze cure for the divorce evil. "The one-time jealous husband no longer keeps his wife at home to mope her evening away while he enjoys himself at the club," says Mrs. Phillips. "Instead, he accompanies her to a dance, where he lets her dance with his male friends and she feels free to dance with the prettiest maid or matron on the floor. Any wife would rather see this than know that her husband is secretly making love to some woman."

reached with the Central Empires made the significant reply: "Nothing has been done, and nothing will be done."

Deputy Burzilai, a native of Trieste, who has been elected to the chamber from Rome for the last 25 years, speaking of the patriotic event at Quarto San-Giuliano on May 5 when a monument will be unveiled in memory of Garibaldi volunteers in the presence of the King and veterans of the War of Independence, said:

"This event will be an official declaration of war against Austria. It will be a challenge of the Latin to the German world."

## WILSON COMPLIMENTS COLORED REGIMENTS

Washington, D. C., April 29.—President Wilson, through Secretary Garrison, has officially complimented the officers and enlisted men of the Ninth and Tenth regiments of cavalry (colored), for their

work in patrolling the Mexican border line to enforce the neutrality laws of the United States during the fighting between the Carranza and Villa forces. Several American soldiers were wounded during the engagements between the Mexican forces.

"By direction of the president," says Secretary Garrison, "I take great pleasure in expressing to the officers of the Ninth and Tenth cavalry his appreciation of their splendid combat and efficient service in the enforcement of the United States neutrality laws at Naco, Arizona, during November, December and January last."

The Ninth cavalry is at Fort Douglas, Ariz., and the Tenth cavalry is at Fort Huachuca, Ariz.

## 80,000 ALLIED TROOPS ALONG THE STRAITS

### CARRANZA SEEKS RECOGNITION FOR HIS MEXICAN GOVERNMENT

#### WANTS O. K. OF THE U. S. ON REIGN

Washington, D. C., April 29.—Unofficial advices received here early today, which said that General Carranza expected early recognition by the United States government attracted wide-spread attention in official and diplomatic circles here today.

The Carranza authorities have been active recently in seeking recognition and it had been reported that they intended issuing a statement covering their intentions. The United States government, it is said, had been advised of the Carranza plans, although it was said at the state department that the question of recognition had not been formally considered.

The American government has unofficially indicated to the various factions in Mexico the general principle which would guide it in consideration of the question. It has been said that there would be no recognition until Mexico had been internationally pacified by complete military domination by one faction or a peaceful agreement among the more important elements.

Reports of an impending battle between General Villa's army and General Carranza's forces attracted considerable attention here. General Villa's agents say that he has gathered an army of 35,000 men with thousands of rounds of ammunition for an attack.

Unofficial advices received here said that Duval West, President Wilson's personal representative in Mexico, was due to arrive at Vera Cruz today from Mexico City. It was expected that he would sail for the United States on Friday.

### WILL PROBE OPERATIONS

Washington, D. C., April 29.—Inquiry into the financial operations of the Cincinnati, Hamilton and Dayton and the Pere Marquette railroads will be resumed by the Interstate Commerce Commission at Detroit May 3, it was announced today, before Commissioner Hall.

### JAPAN MAKES CONCESSIONS

Tokio, April 29.—Japan's new proposals to China show concessions, according to the Japan Mail. They are said to omit the demand for the non-alienation of China's coastal territory. Out of consideration for Great Britain some mediation is proposed as regards railroad concessions in South China.

If you have a room which is not occupied you should be using TIMES WANT ADS.

### SAYS TYPHUS FEVER MAY BREAK OUT HERE

Dr. John F. Anderson.

Dr. John F. Anderson, in charge of the hygienic laboratory of the U. S. public health service at Washington, has just made the startling statement before the Army Medical school that the dread typhus fever which is now ravaging Serbia is far from being eradicated in the United States and may break out at any time with violence. Dr. Anderson has had wide experience with typhus, having studied hundreds of cases in Mexico and conducted many experiments with the inoculation of monkeys and guinea pigs.

### T. R. Will Finish Today

Syracuse, N. Y., April 29.—This was expected to be Theodore Roosevelt's last day as a witness in the suit for alleged libel brought against him by Wm. Barnes, Jr. When the Colonel left the stand yesterday he was under a re-direct examination his cross-examination having been concluded during the day.

In questions ready to be put to him on re-direct examination the Colonel was to be asked to explain for the benefit of the jury what of the things mentioned in correspondence between himself and former United States Senator Platt, "The eagle boss," and Mr. Barnes.

The defense today, summoned by telegraph several witnesses expected to go upon the stand after the Colonel was finished with.

### SECRETARY REDFIELD DENOUNCES CALAMITY HOWLERS OF COUNTRY

Indianapolis, Ind., April 29.—Denunciation of "calamity howlers" and a vigorous defense of the policies of President Wilson's administration were the features of a speech here late yesterday by Secretary Redfield, of the Department of Commerce before a meeting of representatives of Indiana manufacturing interests. The secretary defended the tariff, lauded the Federal Reserve Act, declared that the Clayton Anti-trust law and the Federal Trade Commission act have made plain the way of the business man, and asserted that in the condition of the country today "there is no happiness for those who would do evil to the Administration."

The secretary quoted several newspaper articles to show that the country was on the way to prosperity and paid tribute to the "purveyors of pessimism."

"These preachers of poverty for personal purposes," he said, "will in due time go to their own places unwept, unhonored and unsung followed by the deserved curses of the deceived, falling into the limbo of the calamity howler where long ago the muck-raker preceded them. These are they who in secret places speak evil of those who have brought the country through the most terrible commercial shock in its history and landed her safe and strong upon the peaceful shores of prosperity and influence."

Three times, the secretary said, the country had evinced its faith in the Democratic party by returning a Democratic House of Representatives. The faces of Democracy, he said, could find small comfort in the reduced majority of the Democrats in the next Congress.

"Our party has kept its faith," he continued. "It has not been given orders by the people to revise the tariff downward only to answer by revising it upward. One thing at least no one dares say about the tariff law, namely that it was prepared by anybody in his own interest. Never was

there a measure of the kind more free from personal taint more purely intended for public as distinguished from private purposes." The secretary declared that the tariff was not a factor in "depressing business conditions" and that under the Underwood bill "we have gained something of industrial self respect."

The Federal Reserve law, he said, has released into the channels of trade vast sums formerly unnecessarily held back as reserves, and has taken away the basis of fear that produces panic. "Look and see," he continued, "how many of our partisan opponents venture to rise in public and denounce the Federal Reserve law. It is admitted on all hands, if not in words, at least in silence, by our adversaries, that this thing has been well done. On it with confidence rest the operations of some of the very men who cry loudest in criticism of our policies."

"Aye, but business legislation. Well let us face the question of business legislation boldly, for concerning it there is naught we have to fear. We have made plain the way of the honest business man; our opponents themselves being witnesses, the Clayton law and the Federal Trade Commission law are good. They put no obstacle in the way of any honorable man. They make his road more plain. They give him a forum in which he may be heard. They give him a point on which with more confidence he may lean."

"Let it be that criticism shall come," he concluded. "We shall be the better for it; but let it be that the criticism shall be fair and truthful and candid. If it is not so, the criticism will fall of its own folly. If it is so, the criticism will do us good. And when we shall approach in the coming year the decision for the future, let it be approached not with a scowl or a whine, not with a partial statement of half truths, but let the facts be known in all their roundness to the American people, and then, in God's name, let the best man win."

### NOTHING DEFINITE WILL BE DECIDED BY WAR, SAYS COUNT

Count Julius Andrássy.

Count Julius Andrássy of Budapest, who according to news reports has just been in Berlin talking over peace prospects with German officials, sees an indication to either of the contending sides as a result of the war. He is sure that both the Allies and the Austro-Germans will eventually hold their ground, and that the war is bound to end in complete exhaustion to both sides unless it soon comes to an end.

## SETTLEMENT OF OHIO COAL STRIKE HINGES ON GALLAGHER BILL

Cleveland, April 29.—With one big stumbling block out of the way and another hanging upon possible action by the legislature, the third day's sessions of the joint senate committee of Ohio coal operators and miners opened here today with prospects of peace still rosy.

The disputed point which has been obliterated is that of a plan for arbitration of future disagreements between the two factions. Late last night the miners' leaders accepted the arbitration proposal of the operators with slight alterations and thereby smoothed out one of the main difficulties which have faced the conference.

The agreement provides that future disputes which cannot be settled in any other way shall be referred to an arbitration board consisting of one representative from each side and one chosen from the three members of the Industrial Commission of Ohio, the decision of the arbitrators to be binding on both sides.

The second big moot point which is dependent upon action of the legislature is the fate of the Gallagher amendment, to the Green screen coal law, now pending before the general assembly at Columbus.

The operators say there can be no settlement unless the Gallagher amendment is passed. The miners say the passage of the amendment renders a settlement impossible.

### BOMBARDMENT OF FORTS IS UNDERTAKEN

Berlin, April 29.—(Wireless to Sayville).—Advices from Constantinople as given out here today by the Overseas News Agency, are that the forces which the French and British attempted to land at the Dardanelles numbered about 80,000 men. Landing operations were undertaken at three points on the European side on the Asiatic side of the Straits.

### British and French Forces Attack Opposite Sides

London, April 29.—The following dispatch has been received by the Exchange Telegraph Co.: "The British force landed on the European coast of the Dardanelles has been entrusted solely with the mission of occupying the Gallipoli peninsula which is defended by sixty thousand Turks."

The French force has been landed entirely on the Asiatic coast with the object of advancing along the littoral to keep pace with the progress made by the British on the opposite coast. The bombardment of the straits was resumed Tuesday and lasted twelve hours. It was directed particularly at the Allied Bahr forts.

London, April 29.—In a dispatch from Athens the correspondent of the Exchange Telegraph Co., says that fierce fighting throughout Wednesday on the shores of Suvla Bay, on the western side of the Gallipoli peninsula, 13 miles north of the southern extremity, resulted in the success of the Allies. The losses of the Turks were serious. One entire battalion was captured by the Allies.

### Said Nice Things; Is Decorated

Berlin, (via London) April 29.—Houston Stewart Chamberlain, the English author, who has lived in Germany and Austria since 1885, has been decorated by Emperor Wilhelm with the non-combatant's Iron Cross. Since the war began there have been published in Germany newspapers, with his consent, letters to friends in which he blamed England for beginning the conflict.

The Chicago White Sox recently won four straight victories over the St. Louis Browns. A glimpse at this picture will reveal the source of their inspiration. It was taken during one of the games in the series.

### LASSEN PEAK HAS ERUPTION

Cottonwood, Calif., April 29.—Borne on the wind for forty miles, ashes from Lassen Peak continued to fall here today after a heavy precipitation for the last 24 hours. For ten days heavy clouds have obscured the volcano, making it impossible to see. It is believed, a big eruption. So thick were the fine salt-colored ashes that sidewalks and roofs were covered as if by a fall of snow.

## REDS BEATEN 9 TO 8

Chicago scored more runs than the Reds in their game Wednesday and the Cubs of course won. No team ever won that made less runs than their opponents. Oh, the nu-

Yesterday's contest was a weird one, the score being 9 to 8. Each team made sixteen hits. The score:

The fans are telling a good story about a bottle up at Cincinnati. You know it for "bottling the moon-shine," astronomically speaking. They served a John Doe vanguard on the moon and he fell for it.

New York, April 28.—Johnny Kilbane of Cleveland, champion featherweight is matched to fight Benny Leonard of New York in a ten round bout here tonight.

Conwell has been playing a few games at short for the Waco, Tex., team and is fielding and hitting in old time form.

Johnny Hickey is leading off for the Waco team. So far Hickey has not hit his stride at the plate.

McGraw will certainly have two classy outfielders.

Skip Grouch has won himself a home in Dallas by his heavy artillery work with the bat. Last week he made eight hits.

James Meyers, who was with the Huntington duck pin shooters last night, is an old Portsmouth boy and is recognized as being one of the most talented scenic artists in this section.

## Huntington Bowlers Defeated By Locals In Duck Pin Match

Huntington duck pin artists, headed by that prince of good fellows, Carl Ridgely, were given the once over by Ralph Mansfield's Maulers at the Play House alley last night, when before a crowded lobby they were beaten by a night. The trip will be made by automobiles and it is thought the team will be accompanied by a bevy of rout-

ers. After the games were rolled last night the local team took the visitors in tow and they were shown the sights of a real live city. They were given the best of treatment and expected to repay the host when the local artists visit the metropolis of West Virginia next Wednesday. The score:

FREE BASEBALL IN DECATUR

Decatur, Ill., April 29.—As the opening day is a league holiday on which the gate receipts are pooled, an admission charge has to be made for the Three I opening game today. But tomorrow Decatur becomes the only league town in the country with free baseball.

About \$8,500 has been given by individuals and business men and this with other source of revenue, is expected to support the team for the season. Decatur had Peoria for its opponent today.

MAY HAVE TENNIS TOURNAMENT

Trouton is planning to hold a tennis tournament during the Apple Show week there.

There is no doubt but what if a tournament was arranged that tennis experts from all over Ohio, West Virginia and Kentucky would gather in Trouton to compete for the prizes that the executive committee of the Apple Show contemplate putting up.

## Will Make Trip

The All Professionals, a classy semi-prof team of the East End will leave Friday evening on a trip through West Virginia. They will play at Bluefield, Williamson, Richwood, Gary and several other places. Sam Mowry is managing the team and its roster includes some very promising young ball players.

## Giants Get Wheat

New York, April 29.—A big deal was completed here today between the New York and Brooklyn Nationals by which Zach Wheat, the crack leftfielder of the Brooklyn, and regarded by many as the star outfielder of the National League, will come to the Giants.

In exchange for Wheat, Manager McGraw of New York has turned over outfielders John Murray and Dave Robertson, together with Pitcher W. D. (Polly) Peritt to the Brooklyn.

## Paying The Penalty

There will be more ball players out of work by the first of May this season of 1915 than base ball has ever known. The National League alone by that date will have attached the can to over 100 athletes who may in part get jobs elsewhere, but who in so doing will crowd out others.

Not overlooking any sympathy for those forced out, especially the veterans where the loss will all hardest, this state of affairs should summon the attention of those now in the game. There was a general tendency all last season to loaf, break training, and in other ways disregard discipline and

produce an inferior standard of play. If those left in the game take the proper warning from so many injured athletes, there will be a return to the old hustle and spirit which lifted base ball so high.

## Real Rooters With Team

The Huntington Duck Pin artists were accompanied by quite a gang of rooters last night and they made things lively at the Play House alley. It is thought the most strenuous bit of rooting unrecorded at the Play House this season. The spry lads had 400 in the Gab League.

## Spiders Have Organized

The Spiders have organized for the coming season, and they believe they have gotten together a team that will make 'em all sit up and take notice. The Spiders have always been able to hold up their end in a baseball way. The team was generally regarded as one of the best amateur organizations in the city and the players selected this year expect to maintain that reputation at all costs. The Spiders are now ready for games and the manager, Earl Reinhard, 638 Ninth street, will be glad to receive challenges from any team in the city. It is thought the Spiders will meet the River Citys next Sunday. The newly organized Spiders will line up thusly: Ralph Brenner, c; Rollins, p; P. Brennan, ss; H. Monk, 3b; Meyers, 2b; C. Monk, 1b; D. Brown, lf; Hunk, cf; Clark, rf.

## A Receiver Is Ordered

Indianapolis, Ind., April 29.—The receiver for the Indianapolis Federal League baseball club has been ordered by the Superior court to sell the property of the club to the highest and best bidder. An appraisal had been ordered by the receiver. The value of the property at \$15,296.70.

## Four Club League

Paducah, Ky., April 28.—President N. W. Cox, of the Kentucky, Illinois and Tennessee League, known as the "K-I-T" League, issued a statement here during the week declaring the project of expanding into a six-club organization had been abandoned and that the season would open on May 11, with a membership composed of Owensboro, Henderson, Paducah and Cairo. It formerly was proposed to admit Mayfield, Paducah and one other Illinois town.

## Douglass Suspended

The Enquirer says: Douglass has been fined and suspended by Manager Herzog for failing to keep in condition, and he was not on the grounds yesterday. It is possible that he will not work again for some time, as the league is fully determined to maintain the rules of the club with regard to discipline.

## DEVORE HANDS OUT RELEASES

(Chillicothe Gazette)  
Cy Halder, catcher, Ralph Nichols, infielder, and Stanley Hubbard, infielder, have been released by the local management.

James Sullivan, pitcher, Bill Wile, infielder, Clarence Kimball, infielder, and Dennis Dietrich, infielder, all reported for work yesterday.

But two more releases are to report to Manager Devore and they are expected to show up today. They are Savage, first base and Kapzar, outfielder.

## JOINS NAILERS

Gear Deloche, brother of Hank and Charles of Portsmouth, a sixfoot youngster, who has been trying out in the Texas league has arrived in the city and will probably be one of the best winners on Manager Smith's roster this season—Montenian.

## NIXON MADE HOMER

## Top Of Big Machine Saved Occupants

The *Ironclad* says: Lyndon Brode, the owner of the car that was wrecked at Hay-erhill yesterday, was in the city yesterday and stated that no one in the car was even slightly injured but that such was the case was indeed miraculous. He stated that the fact that the top of the machine was up prevented all the seven occupants being killed, or at least seriously injured, when the big touring car slid over the

Aukins farm house, west of Hay-erhill. The machine was brought to this city yesterday and presented a very sorry sight. However, the damage to the top was the main damage.

Young Brode stated that the flat tire, which caused trouble all the way from Portsmouth, caused him to lose control of the car while going at a snail's pace and it toppled over the embankment. The car is being repaired at the Ironclad garage.

## GERMAN STATESMAN SAYS BELGIUM WILL NEVER BE GIVEN UP

Dr. Paasche.

What is believed to be the views of one element of German officialdom in regard to the terms on which Germany would consider peace was expressed recently by Dr. Paasche, vice president of the reichstag in a speech delivered at Kreuznach, in which he declared Germany would never relinquish Belgium or any other conquered territory which she can hold by force of arms. Dr. Paasche is quoted as saying: "The land we conquered with so much German blood we will never return. The diplomat's pen must not spoil what the sword has so well achieved."

## Mrs. Anstead To Take Post Graduate Course

Mrs. Annie Anstead, visiting nurse of Scioto County Anti-Tuberculosis Society, has arranged with both local and state boards for a leave of absence of several months. Mrs. Anstead has been planning for some time to take a post graduate course in surgical and other work at Cook County Hospital, Chicago, Ill., and expects to enter the hospital in June.

Mrs. Elida Wyans, trained nurse, will substitute for Mrs. Anstead during her absence. Mrs. Wyans is a nurse of ability and well fitted for the work, having done district nursing in Columbus and successfully passing the Civil Service examination. Mrs. Anstead feels that she leaves the work in competent hands and asks that the co-operation and help that has always so readily been extended to her in the work be extended to Mrs. Wyans.

## NEW RULE MADE ABOUT GARBAGE

The city officials have decided to break up what has ever been a bad and unsanitary practice—that of people removing private garbage receptacles or running through their contents.

Chief W. T. McCarty has been authorized to have his patrolmen place under arrest any person, other than the owners of garbage receptacles, found stealing such or scattering their contents over streets and alleys.

Persons thus arrested will be brought into court and made to answer for their offense. If there is no law to properly prosecute such cases, the city officials are determined to create and put into effect such measures as will assist in properly safeguarding private interests.

Hereafter all and every person who shall follow this pursuit shall be required to accept the entire contents, garbage and all, hauling such to the proper place where the material is regularly deposited by the city collector where he may remove any of the material that may have a salable value.

The necessity for such rigid enforcement arises owing to public health, the safety and a more economic handling of the public service.

Respectfully submitted,  
ADAM PRIGG, Mayor.  
Portsmouth, O., April 28, 1915.

## COULD NOT SAVE BABE

The pulmotor owned by the city was used this morning in a vain effort to bring back to life a son born to Mr. and Mrs. Albert Maier, of 1724 Grant street. The baby never breathed after being born, and a hurry call was sent by the physician for the pulmotor. It was found impossible, however, to force the baby's lungs to work.

## A Poor Year For The Downtrodden Lobster Excursion Friday

It's a poor year for lobsters, for even residents of the Scioto Point has "fizz" up in arms against the "critters" camping around in their billiwicks.

Express men dumped a shipment of decayed lobsters in the flood wash-out under the new re-fill bridge at Second and Scioto streets, and the stench was topped off by several cases of rotten eggs that some grocer is said to have thrown on the dump.

The odor arising from the pile is so intense that the city has been moved to official action, and it has been suggested to William Gergens, director of public service, that he place a sign over the bridge warning that arrests will follow every violation and that the penalty will be a \$25 fine.

The dump was never intended for decayed matters and they instead are supposed to be sent to the re-creation plant operated by the Portsmouth Chemical Company.

## PAY CHECKS COMING

Word was received at the division headquarters of the N. & W. in East Portsmouth, Thursday, that the pay checks would arrive possibly on No. 15 Friday afternoon or on No. 3 Saturday morning. The shops have been working steadily and the pay roll will be much larger than it has been.

## U. S. EDUCATION BUREAU IN CAMPAIGN FOR CITY GARDENING; SCHOOLS URGED TO AID CHILDREN IN RAISING VEGETABLES

School children of Washington learning gardening; Commissioner Claxton.

Dr. P. P. Claxton, U. S. commissioner of education, thinks that every back yard in every large city in the country should produce fruit and garden vegetables for the home.

"Experiments already made by the bureau of education show that with proper direction an average child between the ages of six and twenty can produce on an eighth of an acre from \$50 to \$100 worth of vegetables," said Dr. Claxton. "A third of the children in the city schools might easily produce \$800,000,000 a year."

In order to get the co-operation of school authorities, he has organized a board of specialists to visit those interested in home garden work. It is the purpose of the bureau to help the cities, help the home owners and convert unsightly back yards into truck gardens. The members of the board are now touring various sections of the country to gather data upon which to have a campaign to carry out the program of home gardening for town children.
